Mr. Harold Seidman
Assistant Director for
Management and Organization
Bureau of the Budget
Washington, D.C. 20503

Dear Mr. Seidman:

Admiral Raborn has asked that I respond to your invitation of 14 April to participate in the Country Code Task Force being established under Bureau of the Budget aegis. As you know, the Central Intelligence Agency and the United States Intelligence Board's Committee on Documentation (CODIB), whose activities I described in my letter to you of 25 November 1964, were happy to assist in meetings with your staff preparatory to establishment of the new Task Team. We would be pleased to continue that association by naming [redacted] of the CODIB Support Staff as the Intelligence Community observer, rather than full member, as discussed by [redacted] of our Agency with Mr. William Gill of your staff.

[redacted] work with CODIB is directly relevant in that he is a member of a task team concerned, among other things, with a definition of politico-geographic areas to which a standard notation scheme might be assigned. His availability as an observer was endorsed by CODIB at its last meeting. He can be reached on [redacted]
