(EXCERPT)

Alex Dreier at 6:00 P.M. over WMAQ (Chicago) and the NBC Network:

"It was Alan Dulles, Director of our CENTRAL INTELLIGENCE AGENCY, who said, 'Today it is not the open communist, the admitted follower of Marx and Lenin, who is likely to trip us up. It is the neutralists, the soft-thinkers, the agrarian reformers, the welfare staters and collectivists who merely decry the methods but are blind to the aims of international Communism.' To which one can add that the aims never change, because Communism is the iron helmet over the mind."
