### Quotes

**British Maj. Gen. Ernest Cowell**, surgeon father of Roberta Cowell who used to be a man and fighter pilot in the Royal Air Force: "I had a son Robert who is now Roberta, my daughter. I can say, not only as her father but as a doctor, that she is recognizable in every way as a woman, and her mother and I are both satisfied she is now completely female."

**Allen W. Dulles**, director of the Central Intelligence Agency: "Sometimes I think we go too far in what our government gives out officially and in what is published in the scientific and technical field. We tell Russia too much."
