# FBI Chief Blasts Russ 'New Look'

CPYRIGHT

WASHINGTON, Sept. 15 (AP)—FBI Director J. Edgar Hoover cautioned Americans again today not to be deceived by the "new look hash" dished up by the Soviet Union this year.

The Communists still want to dominate the world," he said.

What they have done, he added, is to begin "war on a new plane" with a return to the devious tactics of V. I. Lenin, the Soviet leader preceding Stalin.

Hoover's warning was released by the House Committee on Un-American Activities. It will be a part of the committee's symposium on Soviet Total War, the first volume of which is scheduled to appear on September 23.

Contributors include some 120 U. S. Government officials, military leaders, educators, journalists, labor officials, business executives and political scientists, the committee said.

Listed among them were Allen W. Dulles, director of the Central Intelligence Agency; Val Peterson, Federal Civil Defense administrator; Army General Maxwell D. Taylor; Admiral Arleigh A. Burke; Marine Corps General Randolph McC. Pale and Air Force General Nathan F. Twining, the service chiefs of staff; General Alfred M. Gruenther, supreme commander of Allied forces in Europe, and George Meany, president of AFL-CIO.
