COMMENT

Paragraph 4 requires certifications from Operations Officers and Division Approving Officers. Since in many cases it will be necessary to type these certifications on a sheet of paper for attachment to the documents, we recommend that the regulation stipulate that the certification be made on the attached suggested form. This form has the added advantage of making possible the placement of certifications from both officers on the same document. Furthermore, any exceptions taken by the Division Approving Officer can be stated on the form rather than in a separate memorandum as the proposed regulation prescribes.
