8. [REDACTED] Met with Miss Elizabeth Kernan, Scientific Research Assistant, House Science and Astronautics Committee, in response to her call. Miss Kernan has undertaken a project for Representative James E. Fulton to draft legislation establishing an Inspector General function in NASA. I advised that our Inspector General's office is not established by legislation and that Agency regulations pertaining to this office are classified. Advised that I would relay Mr. Fulton's request and be back in touch with her the first of the week.
