

**CONFIDENTIAL**

1 July 1966

NOTE FOR: Mr. Duckett

SUBJECT: Space Panel Attendees

1. I talked with Professor Stever this morning, and he regrets that a prior commitment will prevent his participation in the Space Panel Meeting on 27 July. Professor Stever will be attending a meeting of the university presidents convened by Governor Scranton.

2. This leaves only Dr. Blisplonghoff to be heard from and, as I indicated earlier, he will be out of his office until 7 July; and we will be in touch with him on that date.

3. I would appreciate some time with you (only a few minutes) to discuss any further arrangements which may be required on this meeting, including a proposed agenda.
