OFFICE OF LEGISLATIVE COUNSEL

Friday - 28 March 1969

1. (Secret - JMM) Talked with Bill Woodruff, Assistant Chief Clerk, Senate Appropriations Committee, regarding the handling of Senator Symington's request for information on the Agency budget which he could use to refute distorted information on this subject. Woodruff agreed such information should not be surfaced in any form, but recommended we should not try to put all the responsibility on Senator Russell for the holddown; Woodruff would prefer we take the position with Symington that budget figures are especially sensitive for many reasons, that all of our Subcommittees have always insisted on it being very closely held; and that once this issue is opened up there is no way to draw the line on further revelations.

2. (Unclassified - JMM) Assistant Secretary of State for Congressional Relations William B. Macomber told me today that his office has not been called upon to take any action on the Hill regarding the Ervin bill, although there is some concern in the Department about the problems which it would create.

3. (Secret - JMM) Met with Senator Stuart Symington in response to his query about the Agency budget. The Senator explained he wanted to say something to refute the recent seriously exaggerated public statements on the subject. I pointed out the problems this would cause and the Senator agreed to defer any action until he had a chance to raise the matter with the Director at a future formal meeting of the Agency Subcommittees. See Memo for Record for details.

4. (Internal Use Only - LLM) Called Representative John Monagan (D., Conn.) in Waterbury, Connecticut, at the request of his Administrative Assistant, Joe Donahue, concerning an individual representing himself as an Agency employee. Mr. Monagan said he knew [redacted] personally, 25X1 was sure we would not employ him, but felt that he should check anyway. Later, as agreed with the Congressman and based on the advice of [redacted] I 25X1 advised Joe Donahue that [redacted] was not our employee, but we knew of him through similar misrepresentations by him and past contacts with us. Donahue received this in good humor saying that he, too, had known [redacted] for some 25X1 time and that if he was one of our employees the Congressman would indeed lose his high esteem for the Agency. I told him I had gotten the same impression from Mr. Monagan.

5. (Secret - JMM) Met with Senator Margaret Chase Smith who had recently mentioned to the Director that she still had some questions in mind about the Soviet bomber problem following a recent Agency briefing on the subject. I told her we would be glad to meet with her privately and try to answer any remaining questions she might have. She said she might call on us for this in the next week or two. See Memo for Record for details.

In response to Senator Smith's questions regarding recent developments I briefed her on:

- a. recent failure of Soviet SL-12 Mars probe;
- b. Soviet naval vessels being supplied to India;
- c. large scale Soviet naval exercises in North Atlantic;
- d. intensified Soviet satellite reconnaissance;
- e. fragmentary evidence of stresses in Soviet leadership.

6. (Confidential - JMM) Met with Senator Harry F. Byrd and explained to him, in response to an inquiry he had received from Carter Glass, III, General Manager of the Lynchburg newspapers, that [REDACTED] 25X1
[REDACTED] had never been associated with the Agency. I told 25X1
Senator Byrd we didn't normally respond to outside inquiries regarding people associated with us, but wanted him to know the facts in this case.

I also mentioned briefly to Senator Byrd some facts regarding the Washington Observer Newsletter, which apparently had triggered Glass' query. Senator Byrd volunteered the comment that Glass, although a personal friend, had gotten "pretty far out on a limb," even to the point of alleging that the Associated Press had fallen under Communist influence.

In response to Senator Byrd's question, I said that we had no reliable information on the reasons behind the Soviet failure to complete the originally planned ABM installations around Moscow. The Senator said he still had not made up his mind regarding the Safeguard issue, but present indications were that the Senate would support the Administration position.

8. (Secret - JGO) Met with Mr. J.R. Blandford, Chief Counsel, House Armed Services Committee, and reviewed with him responses, for the record, to the questions of Representative Dickinson concerning the number of MIG 2ls the Soviets have supplied to Cuba and shipment of SAMs into North Vietnam. Mr. Blandford will review the response to Representative Dickinson.

I briefed Mr. Blandford on the Soviet reconnaissance activities in the Chinese border area, Soviet recon satellite activities during March, Soviet space activity and Soviet military equipment to India to include OSA Class guided missile patrol boats.

9. (Confidential - JGO) Met with Representative Glenard P. Lipscomb (R., Calif.) who advised that he had a letter in his office that is of some interest to him. He would like to discuss it the first of the week. It was also agreed that he would review the Agency responses to his questions concerning shipment of combat materials to North Vietnam, and Soviet, Eastern European, and Communist Chinese economic and military aid to North Korea at that time. Mr. Lipscomb requested an updating of the unclassified paper that was provided for his use last September on the "Soviet threat." This is an area that he feels is receiving improper emphasis on both the floor of the Congress and in the American press. I advised that I would be pleased to relay his request.

10. (Secret - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, and advised that Representative Yates had called the Director and would probably be calling Chairman Mahon concerning Soviet deployment of ABMs around Moscow. The Director advised Mr. Yates that this is classified information but that Chairman Mahon and Chairman Rivers have been briefed. Mr. Michaels advised that he would pass this on to the Chairman.

Mr. Michaels requested the Agency's current forecast on the world chromium market. Various items of testimony presented to the Chairman concerning the Rhodesian mines have given rise to a more than mild interest on the Chairman's part as to supplies available to the United States.

As follow-up to his request earlier in the week, I provided a copy of the Soviet projected missile forces, 1969 - 1978. I briefed Mr. Michaels on the military equipment supplied to India by the Soviets which was expected to include OSA Class guided missile patrol boats during the next year.

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 27 March 1969

1. (Secret - JGO) In response to the request of Chairman Rivers, delivered the Committee copy of the transcript of the Director's testimony of 18 March before the Armed Services Committee to Mr. Blandford, House Armed Services Committee staff, for the Chairman's use during today's hearings of the Secretary of Defense. At the conclusion of the day's hearings, the transcript was returned to the Agency for safekeeping. It was requested that the transcript again be returned to the Committee for Friday's hearing.

During the day a technical sweep was made of four of the Committee offices in response to the Chairman's request relayed through Mr. Blandford.

2. (Internal Use Only - JGO) Delivered a personal letter from the Director to Chairman Rivers' office.

3. (Secret - JGO) Met with Mr. Frank Slatinshek, House Armed Services Committee staff, who renewed Representative Otis Pike's, Chairman of the Special Subcommittee on the U. S. S. Pueblo, request for an unclassified version of the Director's testimony of 5 March for publication in the unclassified report of Committee hearings. After discussion of some of the problems inherent in unclassified testimony or appearance in open session by the Director, I advised Mr. Slatinshek that I would relay the request and be back in touch with him.

I briefed Mr. Slatinshek on Soviet reconnaissance in Chinese border areas; beginning of preparations for combined Soviet Bulgarian military exercises under Warsaw Pact Commander Yakubovsky; Soviet Naval task force operations in the North Atlantic; and Soviet space activities.

4. (Unclassified - CEA) Linda Wahler, in the office of Representative Charles M. Teague (R., Calif.), called to inquire about communism in the United States on behalf of a constituent. I told her that the Agency has no jurisdiction in this area and suggested she get in touch with the House Committee on Internal Security.

5. (Internal Use Only - LLM) Mr. David Muchow, Bureau of the Budget, called to ask if we had any views on S. J. Res 75, introduced 11 March, sponsored by Senators Gore and Percy, and referred to the Committee on Foreign Relations. The resolution establishes a commission for a one-time independent study of weapons technology and factors bearing on strategic decisions. It was agreed that we would review the resolution and determine whether we wished to report to BOB on it.

6. (Internal Use Only - RJK) Delivered FBIS items on an implied Soviet nuclear threat to Red China to Mary Robbins, Senate Aeronautical and Space Sciences Committee staff. This information had been requested by Mr. James Gehrig, of the Committee staff.

7. (Confidential - JMM) Following a discussion of the problem with Dr. Proctor, ADDI, I called Robert Michaels, Staff Assistant of the House Appropriations Committee, to say that we were prepared to brief Representative George Andrews (D., Ala.) in response to his question at a recent hearing before members of the Committee regarding accomplishments of the "Alliance for Progress." Michaels said he would pass this word to Mr. Andrews and tell us of the results.

1. (Internal Use Only - JGO) In response to his call, met with Mr. Bruce Merkle, Administrative Assistant to Representative William Bray (R., Ind.), and received from him a personal resume of [redacted] of Washington, D. C. Mr. Merkle advised that Mr. Bray did not know [redacted] and, in consequence, was passing the resume as an item of possible interest to the Agency.

2. (Secret - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, who reviewed for the Chairman the chart of Soviet operational launchers, 1960 - 1970, which was used in the briefing of 14 March. Mr. Michaels requested, for the Chairman, advice whether the Agency has completed its forecast for the various missile systems for the period 1971 to 1975.

Reviewed with Mr. Michaels response to questions raised during the hearings on 17 March concerning North Korean armistice violations. Mr. Michaels requested that since this question had been raised by Representative Slack, the paper be reviewed with him before inclusion in the transcript.

Reviewed with Mr. Michaels, the Agency memorandum concerning shipment of combat material to North Vietnam, which was prepared as a result of questioning by Representative Lipscomb. Mr. Michaels requested that the paper be reviewed with Mr. Lipscomb prior to inclusion in the transcript.

3. (Secret - JGO) In response to his request, met with Mr. J. R. Blandford, Chief Counsel, House Armed Services Committee, who renewed the Chairman's request that a copy of the transcript of the Director's testimony be available at the Committee during Mr. Laird's appearance. Mr. Laird will be appearing tomorrow and Friday before the full Committee.

Mr. Blandford also requested a technical sweep of certain of the Committee offices during the day tomorrow. The Office of Security has been advised.

4. (Internal Use Only - JGO) Met with Mr. Ralph Devlin, and separately with Mr. Charles Johnson, House Post Office and Civil Service Committee staff, concerning Subcommittee action on the Daniels bills (H.R. 770). It was learned that consideration was given during Subcommittee executive discussion of the bill to the possible need for similar amendment or change in other Federal retirement systems. Their determination was apparently reached that agencies and authority under Foreign Affairs and Armed Services Committees appropriately should be handled by them. The Committee staff is in the process of finalizing the language for inclusion in the amended portions of the bill.

5. (Unclassified - JMM) Talked with Charles Johnson, Staff Director, House Post Office and Civil Service Committee, regarding the Daniels bill (H. R. 770)--he does not think it feasible to try to amend the present version to take care of Agency requirements. See Memo for the Record.

5. (Secret - JGO) In response to a request, delivered to Mr. Robert Michaels, House Appropriations Committee staff, a copy of the transcript of the Director's briefing of 13 March. Mr. Michaels was particularly interested in the portions relating to Soviet missiles. After review, he requested a copy of the chart shown by the Director of the numbers and types of operational launchers.

I briefed Mr. Michaels on the following items: Soviet deployment of SA-4 missiles in Eastern Europe; Soviet J-Class missile submarines; Soviet naval forces operating in the Norwegian Sea; and the Soviet satellite launchings during the last month.

6. (Confidential - JGO) Delivered to Mrs. Mary McLaughlin, Senate Foreign Relations Committee staff, transcripts of the Director's briefing of the Foreign Relations Committee of 26 January 1965, 25 and 28 February 1966, and 3 February 1967 for review. Mrs. McLaughlin advised that although the request for the transcripts had come from another member of the staff, the rule will be continued that transcripts returned to the Committee for review will be held in the main Committee room for review and they are not intended to be released to member's offices or other staff members. Upon return of the transcripts late in the day, Mrs. McLaughlin advised that Mr. Marcy had also wanted to review portions of these transcripts but had not had time during the day.

7. (Secret - JGO) Met with Mr. J. R. Blandford, Chief Counsel, House Armed Services Committee, concerning his request for a Committee viewing of a certain Soviet film depicting military hardware. Mr. Blandford requested that the film be made available for viewing by the full Committee at 8:30 a.m., Wednesday, 16 April. The Office of DD/I has been advised.

8. (Secret - JGO) Met with Mr. Frank Slatinshek, Counsel, House Armed Services Committee, and briefed him on the following items: Soviet deployment of SA-4 missiles in Eastern Europe; Soviet J-Class missile submarines; Soviet naval forces operating in the Norwegian Sea; and the Soviet satellite launchings during the last month.

1. (Secret - JMM) Accompanied Messrs. [redacted] to brief the Bomber Defense Subcommittee of the Senate Armed Services Committee. Committee members present were Senator John Stennis (D., Miss.), Senator Margaret Chase Smith (R., Maine), Senator Peter Dominick (R. Colo.), Senator George Murphy (R., Calif.), Senator Daniel K. Inouye (D., Hawaii). Senator Stennis commented "best briefing on the subject we have had!" (See Memorandum for the Record.) 25X1

2. (Secret - GLC) [redacted] advised that a synopsis of the sensitive Agency case Senator Thomas Dodd's (D., Conn.) office contacted State Department on is being sent to [redacted] for his use in contacts with the White House. In addition, the DD/P has determined that there is no objection to our providing the State Department with material which would be responsive to the Senator's request. No further action is required on this by OLC at this time. 25X1

3. (Secret - GLC) In connection with my inquiry to him concerning the request from the staff of the Joint Committee on Atomic Energy for a publication on the Moscow ABM system, Mr. Andy Summers of AEC advised that they were handling this directly with the Joint Committee.

4. (Secret - GLC) William Woodruff, on the staff of the Senate Appropriations Committee, asked if I would look into certain security aspects of a dictating machine which he is interested in using for classified material. I am checking with the Office of Security on this.

5. (Unclassified - GLC) Mary Rita Robbins, on the staff of the Senate Space Committee, called and asked if we could locate the text of a Moscow broadcast allegedly made on March 19 which contained a threat on the part of the Soviets to use atomic weapons against the Chinese. I told her I would check on this and be in touch with her.

6. (Confidential - GLC) Alerted Edward Braswell, on the staff of the Senate Armed Services Committee, to the existence of the anonymous letter supposedly being circulated to certain designated offices on the Hill. The letter has not as yet come to Braswell's attention but he said he would contact me if it did. Braswell asked how things were going on the Ervin bill and I brought him up-to-date mentioning the Director's second letter to Senator Ervin and his conversation with Senator Russell. Braswell said again that our best bet was to contact members of Senator Ervin's Subcommittee especially Senator McClellan since he is a member of our CIA Subcommittee.

7. (Unclassified - GLC) Miss Morella Hansen, on the staff of the Senate Foreign Relations Committee, called and asked if we would provide the Committee with transcripts of the Director's briefings to the Committee on 26 January 1965, 25 and 26 February 1966, and 3 February 1967. Arrangements were made to have these hand carried to Mrs. Mary McLaughlin tomorrow morning.

8. (Confidential - GLC) Talked with Virginia Laird, Personal Secretary to Senator Stuart Symington (D., Mo.), about the anonymous letter which is supposedly being circulated to Senator Symington and others on the Hill. I did not disclose the contents of the letter but said I was merely alerting her to the fact that the Senator might receive such a letter and that if he had any questions we would be, of course, pleased to discuss them with him. Mrs. Laird said she would check with the mail clerks and call if anything was desired. She added that normally anonymous letters were destroyed.

9. (Confidential - GLC) Talked with Lee Williams, Administrative Assistant to Senator J. W. Fulbright (D., Ark.), about the anonymous letter which is supposedly being circulated to Senator Fulbright and others on the Hill. I did not disclose the contents of the letter but said I was merely alerting him to the fact that the Senator might receive such a letter and that if he had any questions we would be, of course, pleased to discuss them with him. Williams said he had not seen such a letter and he said that the office had enough trouble answering regular mail and usually destroyed anonymous letters. He thanked me for calling however.

10. (Confidential - JGO) Received a call from Mr. Robert Michaels, House Appropriations Committee staff, who requested a copy of the Director's testimony before the Appropriations Committee for use tomorrow morning. Mr. Michaels advised that there is some interest in reviewing the information provided the Committee on Soviet missile deployment in the light of newspaper reports published over the weekend.

In accordance with my understanding with Mr. White, I called Mr. Manuel and referred him to Mr. White.

13. (Internal Use Only - LLM) In connection with his inquiry of 20 March 1969, placed a call to Mr. LaVern Duffy, Assistant Counsel, Senate Permanent Subcommittee on Investigations, for the purpose of advising him that we were not able to positively identify any information on names of foreign nationals he had provided. His office advised that he was out on a trip, but that his travel abroad had been temporarily delayed. I told his office to pass on the message to him when he returns that we had not been able to come up with any positive information for him and that I would be glad to talk to him if he has any further questions on this.

1. (Confidential - GLC) Richard Kimmel, Clerk for the Joint Committee on Atomic Energy, called to say that the Atomic Energy Commission had suggested that they get in touch with us to obtain a copy of a "report on the Moscow ABM system dated September 1968 and having something to do with DIA." I told Kimmel I would look into this and be back in touch with him. I talked with [] of OSR, who said it would be difficult to identify this document without further information and at his suggestion I have contacted Mr. Andy Summers in Doctor Riegle's office at AEC in an effort to determine the specifics of the documents and how AEC happened to make this suggestion to the JCAE staff.

2. (Confidential - GLC) In connection with my earlier meeting with him on the subject of student revolt, (see Journal of 11 March 1969). I advised Robert McCaughey, Administrative Assistant to Senator Karl Mundt, that I had been unable to find out anything about the incident which he mentioned supposedly involving a student who was arrested in New York and found to have in his possession a check drawn on a Chinese Communist bank. I asked McCaughey if he could provide any additional details on this and he said he could not. I advised McCaughey further that we would be in touch with him early next week to have someone come up and talk with the Senator about the international aspects of student unrest. In response to my query, he indicated that representatives of the FBI had briefed Senator Mundt on this subject several days ago.

3. (Secret - GLC) After conferring with FE Division, in view of the complications that were being incurred in sorting out the problems concerning the inquiries received by State Department from Senator Dodd's office on a sensitive Agency case, I met with David Martin, on the Senator's staff, and learned that he had initiated the inquiry to State. I told Martin that we were working with the State Department in preparing an answer and that he should hear from them shortly. (See Memorandum for the Record for details.)

Martin mentioned the project that he has been working on in Senator Dodd's behalf, concerning a proposal for the convening of a "National Student Conference on Vietnam and World Freedom." Martin said he had obtained some financial and student support for this program, which also had the blessing of General Ed Lansdale. Martin provided me with a Memorandum on the subject and said he would appreciate any suggestions which our people might have concerning this proposal. This is being sent to FE Division for study.

3. (Confidential - JGO) Met with Mr. Frank Slatinshek, Counsel, House Armed Services Committee, and reviewed with him, in part, testimony received by the Committee that appeared to have been taken from an Agency blind memorandum that was furnished for Committee information on Monday, 17 March. (See Memorandum for the Record for details.)

Discussed with Mr. Slatinshek the level of classification of the Director's testimony before the Pike Subcommittee and suggested that the Agency would provide safekeeping for the Committee's copies at such time as their immediate use is no longer required by the Committee. Mr. Slatinshek indicated he thought this would be quite acceptable to the Chairman. As to the question of ultimate publication of an unclassified report of the Subcommittee's hearings, Mr. Slatinshek requested, if possible, an unclassified summary of the Director's testimony for inclusion in the hearing report. After discussion at some length, Mr. Slatinshek conceded that if a meaningful summary could not be provided by the Agency, that the report would need to show at a minimum that the Director appeared and provided testimony which was classified.

I briefed Mr. Slatinshek on the MIG-19 and MIG-20 aircraft supplied to the North Vietnamese by the Chinese Communists and the Soviet Union.

4. (Confidential - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, and briefed him on the MIG-19 and MIG-21 aircraft supplied to the North Vietnamese by the Chinese Communists and the Soviet Union.

5. (Confidential - JGO) Met with Representative H. R. Gross (R., Iowa) and discussed briefly with him an anonymous letter relating to the Agency. Mr. Gross thanked me for coming by and indicated he would await my call should there be further developments of interest to him.

1. (Secret - GLC) Talked with [] Legal Advisor at NSA, and asked him about NSA's testimony before the Pike Subcommittee. [] indicated that the briefings went well, in fact, from his viewpoint, they went too well. They are very much concerned about leaks which have come out of the Subcommittee since their appearance in executive session. [] pointed out that with increasing frequency members of the Pike Subcommittee are commenting in open session on testimony given by NSA in executive session.

I also queried [] on the subject of the Ervin bill (S. 782) and specifically what action NSA has taken on this. It is clear from [] comment that NSA is doing nothing on the Hill regarding the bill. They are apparently under instructions from DOD and are also preoccupied with the Pueblo hearings. I brought [] up-to-date on the status of our work on S. 782 and asked if NSA had asked to appear before the Ervin Subcommittee in executive session. He said they had not but they would seize on such an opportunity if it became available.

3. (Unclassified - GLC) Dee Kirbow, on the staff of Representative William Scherle (R., Iowa), called and asked if we could arrange a follow up interview for Mr. David Withers with [] Office of Personnel, who was taken sick on the day when he was first scheduled to see [] [] absence he was seen by []. This will place the Foreign Service plan into major compliance with the suggestions of the Comptroller General's report and will involve probably a 20 percent increase in premium costs. Mr. C. W. (Secret - GLC) Following the briefing of the McIntyre Subcommittee on Research and Development, I talked with Colonel Everett Harper, of the Subcommittee's staff, on the question of staff personnel attendance at CIA briefings and follow up material requested in answer to written questions submitted to Mr. Duckett.

On the first question, Harper said he felt this issue had resolved itself since members of the personal staffs of the senators had been excluded from yesterday's briefing. Since this is an ad hoc Subcommittee which has no further plans for Agency briefings, the question should not arise again in this context.

On the matter of answers to the written questions, Harper agreed with our proposal which was to submit two versions: one classified and one unclassified. The classified response will be retained under Colonel Harper's control while the unclassified version can be given to members, such as Senator Stephen Young, for their own use without attribution to the Agency.

1. (Confidential - JGO) Met with Mr. Frank Slatinshek, Counsel, House Armed Services Committee, who advised that the Pike Subcommittee will be hearing General Carroll on Wednesday and Thursday of next week and will need the responses to the questions to Mr. Helms on assessment of risk and related problems for review prior to General Carroll's appearance. I advised Mr. Slatinshek that I would relay the request and be back in touch with him on Monday.
2. (Confidential - JGO) Met with Mr. Robert McFadden, Administrative Assistant to Representative Charles Chamberlain (R., Mich.), and reviewed with him the Congressman's floor statement of 6 March concerning free world shipping into North Vietnam. Mr. McFadden pointed out that there had been a typographical error in the report of Mr. Chamberlain's statements indicating 23 rather than 21 ships for this year. He also advised that information on free world shipping into North Vietnam is being provided on a monthly basis by DIA in keeping with the letter request from Chairman Rivers of about a year ago. The information is furnished directly to Mr. Chamberlain, who was the principal requester in the Armed Services Committee.
3. (Confidential - JGO) Met with Mrs. Mary McLaughlin, Secretary to Mr. Carl Marcy, Senate Foreign Relations Committee staff, and received from her the blind memorandum dated 11 March, which was furnished in response to questions raised by Chairman Fulbright and Senators Case and Cooper during the Director's appearance before the Foreign Relations Committee on 26 February. 5. (Secret - GLC) Hand carried to Bill Woodruff, on the staff of the Senate Appropriations Committee, a list of the problems which would be created for the Agency by S. 782. Woodruff said this was just what he needed for the preparation of a memorandum to Senator Russell on the subject in anticipation of the Director's meeting with the Senator on Monday. Woodruff said he had heard nothing from NSA about the bill this year and wondered if they still had problems with it. I assured him that NSA was as concerned about the bill as we were but in view of their consideration on the Pueblo matter, had probably been unable to pursue the S. 782 problem as much as they would like. 25X1

25X1 In my presence, Woodruff placed a call to [] Comptroller, NSA, and asked for NSA's position on the bill. Shortly thereafter, [] [] Legal Counsel, NSA, called and confirmed what I had said to Woodruff to the effect that NSA is opposed to the bill and desires a flat exemption from it. 25X1 25X1

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 13 March 1969

1. (Unclassified - GLC) Kathy Nelson, in the office of Senator Stuart Symington (D., Mo.), called to say that the Senator's Foreign Relations Subcommittee staff members had decided that they had no real need for the Agency publication which she had discussed with me previously.

3. (Unclassified - GLC) Colonel Everett Harper, on the staff of the Senate Preparedness Subcommittee, called and asked if someone (not necessarily the Director) would come up on Monday, the 17th, at 9:00 a.m. to brief the ad hoc Subcommittee on Research and Development on Soviet research and development capabilities and trends in the weapons and defensive fields. This Subcommittee is one of several groups appointed by Senator Stennis in an effort to involve more members of the full Committee in Committee business. The Subcommittee is composed of Senators McIntyre (Chairman), Stephen Young, Harry Byrd, Murphy, and Brooke. This Subcommittee is trying to get up-to-date in the research and development field prior to and in anticipation of the military posture hearings. I told Colonel Harper that I would check on this and contact him as soon as possible.

4. (Confidential - GLC) Bill Woodruff, Senate Appropriations Committee staff, called to ask me if we had set a firm date for the Director's meeting with Senator Russell. I indicated that it had been set for 11:00 a.m. on Monday. Woodruff said Senator Russell had called him and said that the Director had asked to see him and wondered if Woodruff knew what it was about. Woodruff speculated that it was in connection with the Ervin bill, S. 782. Woodruff is reviewing both the bill and the floor debate in the Senate in 1967. I promised to have a brief paper for him available tomorrow.

a meeting with Representative Richard McCarthy (D., N.Y.) on the subject
of chemical, bacteriological, and radiological warfare. The meeting was
very relaxed and consisted primarily of the Congressman asking questions
of [REDACTED] The discussion naturally centered largely on the CBR
Program in the Soviet Union, but McCarthy also asked about satellite
countries, the UAR, and Communist China. The Congressman indicated
that he had become involved in this subject largely as a result of his wife's
interest in it, but indicated that he was genuinely concerned about it. He
expressed his appreciation for [REDACTED] briefing and said it had 25X1
been most helpful. He also mentioned in passing that his contact with us had
been triggered by the receipt of an FBIS item which we had sent him on the
subject. He said he was very much interested in receiving texts of broadcasts
mentioning him and would like to continue to receive them in the future.

6. (Confidential - JGO) Met with Mr. John R. Blandford, Chief
Counsel, House Armed Services, who advised that the Chairman is concerned
about the deliberate overflight of the Aleutian Islands by a Soviet BEAR.
Questions undoubtedly will arise on this subject at Tuesday's briefing.
Mr. Blandford also noted the full Armed Services Committee of 40 men
tends at times to confuse internal matters of importance in their constituencies
with the responsibilities of Federal agencies. In consequence, some
questions which can be anticipated relate to the responsibility of Justice
Department and FBI. He recommended for the Director's consideration a
short statement at the outset of the Agency responsibility and authority which
of itself would be beneficial to all members of the Committee.

7. (Internal Use Only - JGO) Met with Mr. Peter Scrivner, Adminis-
trative Assistant to Representative Melvin Price (D., Ill.), concerning the
request for information on Air America employment. This correspondence
was forwarded for Agency action from the Department of State. Mr. Scrivner
was somewhat apologetic about the handling of this constituent request and
agreed that he would supply the individual with information from the local
office of Air America without further reference to the Agency. No further
action is required on this matter. Department of State has been notified.

(Secret - JGO) Met with Mr. Kenneth Sprankle, Staff Director, House Appropriations Committee, who had received a call during the day from Frank Sanders, Assistant Secretary of Navy, concerning security clearances granted during his tenure with the Committee. Mr. Sprankle observed that in all probability Mr. Sanders would need continuation of clearances since he would be operating in almost the same sphere as he was while with the Committee. Mr. Sprankle will review the matter with AEC. This office will handle the matter directly with the Department of Navy as regards compartmented clearances.

10. This apparently is in connection with a speech that Senator Jackson will be giving shortly. [REDACTED] DD/I, is working on the requirement. 25X1

Also picked up several books: "How Communists Negotiate," "Policies Toward China," "China in Crisis," and "The Politics of the Chinese Red Army." These books had been previously lent to the Committee.

11. (Internal Use Only - LLM) Met with Representative Otis G. Pike (D., N.Y.) and gave him the material which had been compiled by FBIS on Pyongyang broadcasts following the seizure of the Pueblo. The Asia and Pacific Area Books of January 1968, which had been loaned to him previously, were returned and we will forward them to FBIS as they are the "official record copies." Mr. Pike expressed his deep appreciation to us for supplying this material in such a complete and prompt fashion. I said I would pass on his thanks to those who had done the work. Jack Brooks on ADP matters, called in connection with an ADP standards Board of Review which has been operating for some eight months now under the aegis of the National Academy of Science and funded by ARPA and chaired by Ottinger of Harvard. Baynard said he had been invited to attend some of the meetings, felt that the Board's work was unnecessarily duplicative of the responsibilities of the National Bureau of Standards and Executive agencies, and thus a waste of time and money. He said he felt he was only seeing part of the iceberg and believed there were a number of sessions to which he was not being invited and which he believed dealt in part with computer export and national security interest. Baynard was obviously on a fishing expedition and we are under no obligation to reply.

14. (Secret - JMM) Accompanied the Director to a briefing of a joint session of Defense and Military Construction Subcommittees of House Appropriations Committee. (See Memo for the Record and transcript.)

After consulting with the Director, informed Robert Michaels, House Appropriations Committee staff, that it would be virtually impossible for the Director to appear before the Subcommittees on Monday morning (17 March) but that as an alternative the Director would be glad to try to cover his remaining material and permit adequate opportunity for questions on Friday morning 14 March or meet with the Subcommittees on the afternoon of 17 March. Michaels indicated that one or the other of these solutions probably would solve the problem and the Director should take the matter up with the Chairman tomorrow.

25X1 [REDACTED] Before we could return the call to give her this information, we were advised that she had called the Director's office and already had the address.

16. (Internal Use Only - JGO) After the day's hearings, met with Mr. Robert Michaels, House Appropriations Committee staff, and learned that it was the Chairman's desire that the Director appear on Monday as well as tomorrow morning at 10:30. The Director has been advised. Overall, the Chairman and other members appeared highly appreciative.

17. (Internal Use Only - LLM) Returned film of Senator Allen J. Ellender's (D., La.) trip to the USSR to his office.

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 12 March 1969

1. (Confidential - GLC) Talked with Ed Braswell, Staff Director, Senate Armed Services Committee, about the pending nomination of Lieutenant General Cushman. Braswell indicated that General Haynes, Legislative Liaison for the Marine Corps, had been in touch with him on the subject of confirmation hearings and the alleged problem pertaining to the maintenance of General Cushman's three-star status. The Marine Corps has apparently explored the possibility of having General Cushman confirmed without a hearing in advance of his departure from his present position in Vietnam. Braswell is obviously quite irritated about the way the Marine Corps is handling this and sees no reason for it. He said that it was possible for the Committee to do what General Haynes suggested, but he sees no reason for it. As Braswell put it, the Marine Corps "has not made its case" to him. I told Braswell that this was obviously a Marine Corps problem with which we were not familiar. Braswell added that he was quite certain that the Committee would want to have General Cushman make a personal appearance since it would appear that he could be made available between the 25th of March and the 15th of April.

2. (Confidential - GLC) Established contact with Brigadier General F. E. Haynes, Legislative Liaison for the Marine Corps, in connection with General Cushman's pending nomination. General Haynes appears quite confused about the whole situation to the point of saying that according to information he received from Ed Braswell, Staff Director, Senate Armed Services Committee, General Cushman's nomination had not been received by the Committee. (This was published in the Congressional Record of Friday, 7 March 1969.) General Haynes appeared pleasant enough, however, and in reviewing the problem of maintaining General Cushman's three-star status acknowledged that this was a Marine Corps problem. No action by this office appears indicated at this time.

3. (Confidential - GLC) Talked with Mr. Bob Michaels, House Appropriations Committee staff, about Representative Richard McCarthy (D., N.Y.) who contacted the Director today and asked to have our people talk with him on the subject of the involvement of foreign countries in chemical and biological warfare. Michaels knows little about McCarthy except that he had on his own initiative requested a briefing from the Army on this subject and such a briefing was subsequently given (according to a Washington Post article of 5 March 1969) to three senators and 18 representatives. It appears that McCarthy is attempting to eliminate any military program which, in his opinion, is not absolutely justified.

4. (Secret - GLC) [REDACTED] and I met with Mr. William Woodruff, Senate Appropriations Committee staff, and reviewed with him the data on Agency research grants which had been prepared pursuant to Bureau of the Budget Bulletin 69-8. Woodruff appeared completely satisfied with his review of this material and Eagle's responses to his questions. Woodruff made notes on the number of contracts by general categories and the cost of programs by categories (without mentioning specific projects). He said he would transmit this information to Senator Russell in a Top Secret memorandum with a suggestion that he (Woodruff) meet with Senator Mansfield advising him that he had reviewed the material and had reached the judgment that none of this information could be included in the Democratic Policy Committee's study on this subject because of the sensitive nature of the projects themselves.

Advised Woodruff that the Director wished to meet with Senator Russell on Monday to discuss with him the matter of his response to Senator Ervin regarding the question of his appearance before the Ervin Subcommittee on S. 782. Woodruff said he thought this was a good idea and merely asked that we provide him (Woodruff) with a one-page statement of our specific objection to specific sections of the bill without referring to any meeting with the Director. Woodruff will give this to Senator Russell on Saturday as an aide-memoire on a subject of concern to the Agency.

5. (Confidential - GLC) Contacted Mr. Proctor Jones, on the staff of Senator Richard Russell (D., Ga.), and asked if the Senator could see the Director sometime during the day on Monday, 17 March. Jones tentatively suggested that the Director meet with the Senator in the latter's office at 11:00 a.m. on that day. Mr. Jones will confirm this with us later.

2. (Internal Use Only - CEA) Talked to Homer Krout, Administrative Assistant to Representative Joel T. Broyhill (R., Va.), about [REDACTED] a retired Agency employee who is attempting to establish a BEC claim and who has enlisted the aid of Broyhill's office. It was agreed that the Agency would prepare a letter to Broyhill setting forth what BEC requires, what the Agency can furnish in the way of information, and what Krout must obtain himself.

3. (Internal Use Only - JGO) Received a call from Miss Helen Boyle, Personal Secretary to Chairman George H. Mahon (D., Texas), who advised that [REDACTED] a constituent, is in town although she had not yet received notification that her processing for Agency employment has been completed. Helen described her as a nice young girl from Lubbock, Texas. After checking with the Office of Personnel, advised Miss Boyle that the processing has not been completed, but that everything appeared at this time to be in order for EOD later in the month. I also advised that a close check was being made to see whether an earlier date for EOD is possible.

4. (Internal Use Only - JGO) Received a call from Bill Woodruff, Senate Appropriations Committee staff, on behalf of Senator Russell, requesting verification of a news article by Ralph de Toledano, dateline 25 February, from a West Coast paper concerning the 8 January 1969 Soviet-Cuba nuclear and scientific agreement. A brief outline of the background and current status of the agreement with comment on other information contained in the news item, which was furnished by OCI and OSI, was hand-carried to Mr. Woodruff for Senator Russell's use on the floor. Also furnished was a copy of a 15 February column by Mr. de Toledano on this same subject published in the Indianapolis, Indiana News. Mr. Woodruff advised later in the day that the material furnished was what was wanted and was appreciated by Senator Russell.

Michaels said he would pass this word on to the Chairman. 25X1

Michaels advised that members of the Subcommittee on Military Construction had been invited to sit in, but not ask questions, at the 13 March Agency briefing of the Defense Appropriations Subcommittee. He reaffirmed his opinion that the session will last most of the day on the 13th and we should also keep the morning of the 14th open in case it runs over. He said he was sure the Subcommittee would want a briefing in considerable depth as in the past.

6. (Confidential - JMM) Talked by phone with Chairman David N. Henderson, Subcommittee on Manpower and Civil Service, House Post Office and Civil Service Committee, regarding the Ervin bill (S. 782) and told him of the letters the Director had received from Ervin. Henderson, among other things, suggested we should promptly bring the situation to the attention of Senator Russell. See Memo for the Record.

7. (Secret - GLC) At his request met with Bill Woodruff, Senate Appropriations Committee staff. Woodruff showed me an informal memorandum which Senator Mansfield has sent to Senator Russell regarding the Agency's listing of research grants in compliance with BOB Bulletin 69-8. In his memo Mansfield expressed complete agreement with the Agency's submission of this material to the CIA Subcommittee in view of its sensitivity. Mansfield has requested, however, that a member of the Subcommittee staff review the material and make a determination as to whether any of it might be included in the overall report being prepared by the Democratic Policy Committee. Woodruff asked if I would have someone make this material available to him tomorrow so he might conduct such a review. He will then speak to Senator Mansfield. Arrangements have been made for [redacted] OPPB, and me to see Woodruff at 2:00 P. M. tomorrow.

11. (Secret -GLC) Bill Woodruff, Senate Appropriations Committee staff, and I met with Bob McCoy, Administrative Assistant to Senator Karl Mundt, at McCoy's request. He said now that the F-111 issue is over, Mundt is concentrating his attention on the subject of student uprisings and is particularly interested in the possibility of the involvement of an international conspiracy in these situations. McCoy asked if the Agency had any information on this. I told him that any information which we would have on student uprisings in foreign areas would be passed to the FBI in view of its possible relationship to similar cases in the U.S. McCoy mentioned at this point that Senator Mundt had an appointment to meet with FBI officials on this subject on Monday. He said either DeLoach or Mr. Hoover himself would be seeing the Senator. McCoy went on to say if we had any information on the subject which we felt Mundt should know about he would appreciate our making it available to him. He also mentioned a specific instance where someone involved in student unrest in the New York City area was known to have cashed a check which was drawn on a bank in Communist China. He was particularly interested in knowing whether we had any information about this. I said I would look into these areas and be in touch with him.

9. (Confidential - GLC) Talked with Ed Braswell, Staff Director, Senate Armed Services Committee, about Senator Ervin's responses to the Director's letter requesting an opportunity to appear before Ervin's Subcommittee in executive session to present the Agency's views on S. 782. Braswell repeated his feeling that the Director should now meet privately with Senator Ervin again, expressing in specific terms the Agency's objections to the bill and offering suggested language which would meet the Agency's needs. Braswell urged that we be absolutely certain that there is no way possible for the Agency to live with this bill with anything short of a full exemption. In this connection Braswell mentioned again that senators will not accept the fact that this is a serious Agency problem unless the Director is willing to express the Agency's position personally to them.

In this connection Braswell asked about NSA's position on the bill at this time. He said he had not heard anything from them this year and the assumption is that perhaps NSA is finding ways to adjust to the bill. I told him I was confident this was not the case. He said he might be talking with Jack Stempler, DOD, in an effort to stimulate him into action.

10. (Confidential - GLC) Talked with Ed Braswell, Staff Director, Senate Armed Services Committee, about the pending nomination of General Cushman and the timing of Committee hearings on the nomination. I told him it was my understanding that the General would be leaving Vietnam on or about 25 March and was scheduled to assume his duties as DDCI around 15 April. Braswell said he assumed the Chairman would want General Cushman to appear before the Committee, but said there was no urgency on this. It can be arranged sometime between 26 March and 15 April.

11. (Unclassified - GLC) Called Homer Krout, Administrative Assistant to Representative Joel T. I told Krout that I had been in touch with our Personnel people who were pulling Jones' file and that when the case had been reviewed we would be in touch with him tomorrow morning. Krout acknowledged that [redacted] was a very confused individual, but said he had been pressing them for some time to have them again contact the Agency. 12. (Secret - GLC) Talked with William Woodruff, Senate Appropriations Committee staff, about Senator Ervin's response to the Director's letter to Senator Ervin on S. 782. Woodruff offered little encouragement, but said he thought it essential that the Director see Senator Ervin again this year in an attempt to reconcile our problems over the bill. If this fails (as he expects it will), he feels that the Director should then meet privately with Senator Russell and spell out to him the Agency's problems with this bill. Woodruff said that senators are most reluctant to interfere with the business of another senator in his committee capacity, but he recognized that our Subcommittee members should be forced to focus on Agency problems since they have asserted legislative oversight jurisdiction over CIA.

He feels that it is necessary that the United States make some reduction in its forces in Vietnam within the near future, principally for U.S. political reasons. Riegle said he had met with President Thieu who agrees that reduction in the neighborhood of 50,000 men would be in order. Riegle also feels, although he has not reached a personal position, that a strong argument can be made for resuming the bombing of North Vietnam over a specified period of time. He does not feel that the Paris peace talks will result in any agreements. It was apparent that one of Riegle's principal reasons for the meeting was to attempt to find out, if possible, from whom President Nixon is getting his advice. Carver pointed out the obvious as being Kissinger, Rogers and Laird and said beyond that, he did not know. Riegle made it plain that he plans to push his ideas with those people who advise Nixon, if he can find out who they are.

6. (Confidential - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, who advised that as of the moment, he does not foresee time for scheduling a meeting of the CIA Subcommittee for the next two weeks.

I also reviewed with Mr. Michaels the classified handling of the transcripts of the Director's briefing of the Defense Subcommittee on 13 and 14 March. Mr. Michaels noted that the Chairman and members of the Subcommittee will undoubtedly have questions on Vietnam and Southeast Asia that will be generated by Secretary Laird's trip to the Far East.

I will meet again with Mr. McMurray prior to the meetings to ascertain the names of the reporters and transcribers to be used for the hearing.

8. (Confidential - JGO) Received from Miss Berniece Kalinowski, House Armed Services Committee staff, the Agency copy of the transcript of the Director's testimony of 5 March before the Pike Subcommittee.

9. (Internal Use Only - JGO) Received a call from Mr. Borstein, in the office of Representative Leonard Farbstein (D., N. Y.) concerning the membership of the Soviet Politbureau and other persons in the present government of the Soviet Union. I referred Mr. Borstein to the Department of State.

10. (Secret - JGO) Met with Mary McLaughlin, Senate Foreign Relations Committee staff, and advised that the additional material concerning cost of certain Soviet military programs for inclusion in the record of the hearing of 26 February will be forwarded on Tuesday, 11 March. Miss McLaughlin will relay this advice to Mr. Marcy but indicated that she is certain this will be satisfactory.

11. (Confidential - JGO) Met with Mr. Frank Slatinshek, Counsel, House Armed Services Committee, and provided a copy of the Congressional Record material covering Senator Symington's remarks on the Pueblo incident of 4 February and pointed out particular paragraphs of interest. Mr. Slatinshek noted that he would put it with his material for inclusion in the record. He advised that after the completion of today's hearings, Chairman Pike intends to make a short press release on the hearings to date. Since it had not yet been dictated by the Chairman, however, Mr. Slatinshek could not detail the content. It is the Chairman's intention to include a statement to the effect that the Agency was not involved in the responsibility of the Pueblo incident.

12. (Secret - GLC) Hand carried to the Joint Committee on Atomic Energy two copies of NIE 13-8-69, Communist China's Strategic Weapons Program. One copy is to be retained by the Joint Committee for the use of the Senate Preparedness Subcommittee.

13. (Secret - GLC) Hand carried to William Woodruff, on the staff of the Senate Appropriations Committee, a letter from the Director to Senator Russell transmitting a copy of his prepared statement as given before the Pike Subcommittee on the Pueblo. Mr. Woodruff hastily reviewed the statement commenting that it looked good to him and consistent with the briefing papers which Admiral O'Brien had made available to him. He also said that the statement would be very useful to him in preparing his memorandum to Senator Russell on the subject. It is Woodruff's feeling that protracted and repetition on the Pueblo by numerous congressional committees will serve no useful purpose. He proposes to suggest to Senator Russell that the Senator call the Director, General Carter, and Admiral Moorer before the CIA Subcommittees to review the situation in the light of steps which might be taken to avoid this kind of situation in the future.

I passed on to Woodruff the data on Soviet SO-1 class subchasers and P-4 class motor torpedo boats which he had requested and which were provided for us by Bruce Clarke, OSR.

I returned to Woodruff the map book which we had prepared for him some years ago. DDI Graphics is preparing six new books for the use of Woodruff, Braswell, and our Subcommittee chairmen.

14. (Secret - GLC) Hand carried to Mr. Edward Braswell, Staff Director of the Senate Armed Services Committee, the Director's letter to Senator Stennis transmitting a copy of the statement which the Director gave before the Pike Subcommittee on the Pueblo. Braswell said he had not devoted any time of study to the Pueblo case and added that this would be a useful summary for him. I had the impression from Braswell's remarks that he feels Senator Stennis would like to avoid hearings on the Pueblo but is under some pressure from certain of his members to schedule them. He also has outstanding the request from Senator Fulbright that any hearings on the Pueblo be conducted with the Senate Foreign Relations Committee.

Braswell reviewed again his conversation with Senator Ervin on S. 782. He indicated that he would like the Agency to be in touch with him before we respond to the letter which Senator Ervin is sending us.

15. (Secret - GLC) During the course of a conversation with Charles Kirbow, of the Senate Armed Services Committee staff, the subject of the Ervin bill came up. We reviewed the membership of Senator Ervin's Subcommittee on Constitutional Rights and Kirbow admitted that Senator Thurmond was a member of that Subcommittee. In response to my light query Kirbow said he thought Senator Thurmond would be sympathetic to the Agency's position on the bill and suggested that we discuss it with James Lucier, of Senator Strom Thurmond's (R., S. Car.) staff, in whom the Senator has great confidence.

17. (Secret - GLC) Talked with James Knowles, Research Director of the Joint Economic Committee staff, regarding the Committee's proposed study on the National Economy and Military Programs in the USSR. I told Knowles that it would create problems for us in terms of workload and security to attempt to assist in this study and asked if the Committee was firmly committed to this project. Knowles said that the Chairman and Vice Chairman have indicated considerable interest in this but no commitment has been made as yet. He suggested that we convey our problems in rather general terms to Leon Herman, of the Library of Congress, who is handling this. If this does not take care of the matter, he (Knowles) will advise us and we can discuss the matter further.

25X1 18. (Unclassified - GLC) Scott Cohen, on the staff of Senator Charles Percy, called and asked if we would give him a "rundown" on a foreign company, [REDACTED] I told him we would check on this and be back in touch with him.

19. (Confidential - GLC) Kathy Nelson, on the staff of Senator Stuart Symington, called and asked if we had a publication covering world-wide developments which was referred to as "green sheets." She said that members of Senator Symington's new Foreign Relations Subcommittee staff were interested in obtaining this information if it was available. I told her I would check on this.

25X1 20. (Confidential -JMM) Called Dr. [REDACTED] NSA, and told him highlights of the questions and answers at the Director's appearance yesterday before the House Subcommittee on the Pueblo. OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 5 March 1969

1. (Confidential - GLC) Robert Michaels, on the staff of the House Appropriations Committee, called and said that although the Chairman would not be able to schedule hearings on the 1970 defense budget for awhile he would like to proceed with the intelligence briefing which the Defense Appropriations Subcommittee has customarily received before considering the defense budget. Michaels suggested as possible dates next Tuesday or Wednesday, 11 or 12 March, or Thursday, 13 March, if this would better suit the Director. I mentioned that Wednesday is generally the National Security Council meeting day and after checking with the Director advised Michaels that Thursday was by far the preferable date for Mr. Helms. This will be the usual worldwide round up briefing. [REDACTED] has been notified.

3. (Unclassified - GLC) In connection with the current review of congressional offices receiving the FBIS daily reports, the following offices were contacted and their desires regarding the continuing receipt of the daily reports were determined:

- a. Senator Robert P. Griffin (R., Mich), continue.
- b. Senator Edward J. Gurney (R., Fla.), continue to the attention of Mr. Martin, Senate Office Building.
- c. Senator Strom Thurmond (R., S. Car.), continue addressed to Room 3311, New Senate Office Building.
- d. Foreign Relations Committee, continue.

4. (Confidential - GLC) Edward Braswell, Staff Director of the Senate Armed Services Committee, called to say that Senator Sam J. Ervin (D., N. Car.) talked to him about the Agency's problems with S. 782. The Senator mentioned that Agency representatives had met with him but according to Braswell their comments concerning the bill had been extremely general in nature. He told Braswell that he planned to reply to Mr. Helms' letter requesting an Agency appearance in executive session. In his reply he will suggest that the Agency propose specific language which it would like to have included in the bill. Senator Ervin also told Braswell that he would want the Agency to be more specific with regard to our problems with S. 782. Braswell recommended that we do nothing further until we receive Senator Ervin's letter. When we respond he feels that this should include a personal visit from the Director to the Senator.

5. (Confidential - JGO) Met with Mr. Robert Michaels, House Appropriations Committee staff, concerning Chairman Mahon's request for a worldwide intelligence presentation for the Defense Subcommittee of Appropriations. Mr. Michaels advised that the Chairman has scheduled the 13th and the morning of the 14th for the Director's presentation but that we had been successful last year and the year before in completing the Committee's questioning in one day. In keeping with the Chairman's schedule, however, he would appreciate it if the Director's schedule could be blocked for the morning of the 14th in the event it is necessary to carry over. He indicated that the Chairman and Committee would be particularly interested in ABM and ICBM, both Soviet and ChiCom; South East Asia; South America, with some emphasis on Peru; the Middle East; and, Berlin depending on the status of that problem at the time of meeting. He noted the Chairman is quite interested in Spain and would be interested in our estimate as to what may happen on the question of succession on General Franco's death and whether the succession question has any bearing on the present negotiations with Spain. Mr. Michaels will advise if other specific questions are identified by the Chairman. [redacted] has been advised.

Mr. Michaels also requested a thorough security check of the Committee staff rooms as well as the hearing rooms on the morning of the 13th of March. The Office of Security has been advised.

[redacted] I informed Shacklette that this is an organization which operates within the United States and that the Agency has no records on it. I suggested that he contact the FBI and the House Committee on Internal Security.

25X1 7. (Unclassified - CEA) At their request, returned to Nancy Stamberger, in the office of Senator William Saxbe (R., Ohio), the original letter from [redacted] who had written to Saxbe requesting information on Agency employment.

25X1 8. (Unclassified - CEA) Delivered to Nancy Eklund, in the office of Senator Ted Stevens (R., Alaska), the Agency pamphlet and the Raborn interview together with a suggested reply for [redacted] a constituent who had asked for information on the Agency.

9. (Secret - JGO) Delivered to Mr. Carl Marcy as follow up of questioning by Senator Gore during the Director's briefing of Senate Foreign Relations Committee of 26 February, a Memorandum titled, "CIA Estimates of Enemy Strength in South Vietnam." Mr. Marcy advised that he would show the paper to Senator Gore during the day and if possible return it for insertion in the transcript.

The paper was picked up late in the day and returned to the Agency.

10. (Confidential - JGO) Met with Mr. Frank Slatinshek, Counsel, House Armed Services Committee, at various times during the day. After the Director's appearance, Mr. Slatinshek advised that the Chairman felt the Director had made an impressive appearance and that his statement was an excellent one. He will provide our copy of the transcript the first thing in the morning and indicated that we might discuss some of the questions further after the transcript has been reviewed.

I also briefed Mr. Slatinshek on the present estimate of Soviet operational ICBMs on launcher.

11. (Confidential - JGO) Met with Mr. J.R. Blandford, Chief Counsel, House Armed Services Committee, concerning the physical and security arrangements for today's briefing of the Pike Subcommittee.

I also briefed Mr. Blandford on the number of Soviet ICBMs on launcher.

12. (Internal Use Only - JGO) Met with Mr. Bun Bray, House Post Office and Civil Service Committee staff, who advised that at Chairman Henderson's direction, the Committee staff is continuing a rewrite of the Ervin bill which originated before the close of the last session. The new bill will include specific exemption for the CIA and additional provision authorizing that the President may exempt such other agencies or components as may be necessary in the interest of national security. Mr. Bray noted that although there appears to be no more pressure at this time on the House side than in the past, that Senator Ervin appears to be exerting considerable pressure himself from the Senate side.

14. (Internal Use Only - LLM) Spoke with Colonel Banks, Office of the Secretary of Defense for Manpower, concerning the DOD position on H.R. 4204, amendments to War Claims Act of 1948. Colonel Banks informed me that DOD representatives were not scheduled to testify at the hearing today but that they would sit in; DOD will today deliver to the Committee a letter pointing out certain deficiencies in the bill, primarily related to date and criteria for coverage and authorizing settlement prior to return of POWs. He does not feel the bill will be reported out as introduced and is hopeful that a more comprehensive measure along the lines of H.R. 15545 (90th Congress) would emerge.

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 4 March 1969

1. (Secret - GLC) Met with Edward Braswell, Chief of Staff of the Senate Armed Services Committee, and brought him up-to-date on developments on the Ervin bill (S. 782). I mentioned that Messrs. Maury and Houston had talked with Senator Ervin without any apparent success, that we had discussed our problems with the bill with Senators Jackson and McClellan during their visit to the Agency last Saturday and that we had also talked with Senator Eastland. I pointed out that Senators Jackson, McClellan, and Eastland seemed sympathetic to our position and we hoped for their support. Braswell now shares our concern that Senator Ervin may report this bill out of his Subcommittee without further hearings. In this connection, I mentioned that the Director had written to Senator Ervin regarding an opportunity to appear before his Subcommittee in executive session to state the Agency's problem. Braswell also agrees with us that the best place to try to accomplish our purpose is within the Judiciary Committee framework.

I mentioned to Braswell the Director's reference to possible retirement legislation in his conversation with Senator Stennis last Monday and Senator Stennis' suggestion that we take this up with Braswell. I indicated that we would be in touch with him in the very near future. Braswell suggested that we submit material to him in advance of any meeting so that he could have an opportunity to study it.

I advised Braswell that we were looking into the possibility of an investment plan for Agency employees which could be tied into our retirement program. I emphasized that this was in the exploratory stages and that we would be back in touch with him before any action is taken to establish such a program. Braswell's only question was whether or not there would be an Agency contribution to the plan and I told him there would not. In the framework of this conversation, Braswell expressed some knowledge of and some interest in our United Benefits Insurance Program. I told him I would obtain some material on this program for him.

4. (Internal Use Only - LLM) [redacted], FBIS, advised that Mrs. Woolbert, Administrative Assistant to Representative Otis G. Pike (D., N.Y.), had requested the Asia and Pacific Area Books for the month of January 1968. Ultimately, I hand-carried to Mrs. Woolbert these Area Books which constituted the "Official Record Copy" which she said she would treat accordingly and return. I also delivered the FBIS compilation from the Area Books on North Korean radio comment regarding alleged territorial intrusions covering the period from January 1964 until the seizure of the Pueblo. She said Congressman Pike greatly appreciated such assistance.

25X1

Mrs. Woolbert said she had been told by Mr. [redacted] FBIS, that FBIS could not provide the Congressman with classified information pertaining to alleged South Korean warnings to its allies prior to the seizure of the Pueblo that North Korea was "tightening up." I explained that what [redacted] was most probably referring to was that the coverage in the Area Books for the most part primarily deals with foreign broadcasts which are on the open airways and not classified, and reiterated our desire to be fully responsive to Mr. Pike's requirements where we could be helpful. She said Mr. Pike was particularly concerned with the alleged South Korean warnings as a result of Admiral Moorer's earlier testimony and she felt that he would be pursuing this further when Mr. Helms testified before Mr. Pike's Subcommittee. This information was related to Mr. Maury.

Time did not permit a formal briefing by the DDS&T but he participated in the general discussions. On departing, Senator McClellan indicated he found the briefing extremely interesting and would like to return for more some Saturday in the near future. In the course of the discussions our problems with the Ervin bill were mentioned and Senator McClellan indicated a sympathetic understanding of the difficulties this bill poses for the Agency's security safeguards.
