6. [redacted] Met with Messrs. Montgomery Winkler and Eric Silberstein, in the office of Representative Charles M. Teague (R., Calif.), and reviewed with them a letter from a constituent who is scheduled for a UNESCO assignment in Latin America and, among other things, offered to "act as eyes and ears for CIA." I said the Agency would not be interested and suggested the problem of conflict of interest, which apparently didn't bother Mr. Winkler. I indicated that we did debrief U. S. citizens traveling abroad on occasion and if there were no intervening problems it may be best for their constituent to call on our representatives following the completion of his assignment and at that time give us whatever information he thinks would be of value to his Government. I also suggested to Mr. Winkler that he may want to contact the Department of State and/or the FBI on this for their thoughts.

25X1

2. [redacted] On the Director's instructions I called Mr. Ed Braswell, on the staff of the Senate Armed Services Committee, and Mr. William Woodruff, on the staff of the Senate Appropriations Committee, to insure that they had passed to Chairmen Stennis and Russell respectively, an item from the Chicago Daily News indicating that Senator Fulbright was about to make a speech on the ABM question based largely on classified information provided by the Agency.

Mr. Braswell had passed this information to Chairman Stennis. Mr. Woodruff said that Chairman Russell had been out of town but he would pass it to the Chairman upon his return tomorrow.

25X1

3. [redacted] Mr. Roland Paul, Counsel for the Symington Subcommittee of the Senate Foreign Relations Committee which has been looking into U. S. overseas installations, called to request an Agency briefing preparatory to a trip which he and his colleague, Mr. Walter Pincus, plan to make to the Far East. Mr. Paul said they will be leaving about 25 June and would like the briefing sometime during the week of 16 June. They plan to visit Japan, Okinawa, Korea, Taiwan, Thailand, Laos, and the Philippines and would like about a one-hour briefing on each, covering mainly political and security problems and including a prognosis of future developments. They will also receive briefings from State and Defense, but would like to get a fairly full picture from the Agency even though it might duplicate some of the things which they might hear from other agencies. They will come to Headquarters for the briefings and will hope to complete them on the same day.

Mr. Paul will call again in mid-June to set a firm date and arrange further details.

I subsequently called Colonel Outlaw and told him I understood this request had been rescinded and gave him the name of an officer in the Office of the Secretary of Defense to check with on this, if necessary.

OFFICE OF THE LEGISLATIVE COUNSEL

Monday - 26 May 1969

25X1 1. [] Received a call from Colonel Ben Outlaw, Office of the Assistant Secretary of Defense for Legislation, who advised that the Secretary is in receipt of a request from a member of the House Committee on Science and Astronautics for a detailed briefing on American capabilities and research and development on overhead reconnaissance type activities. Colonel Outlaw wanted to verify that Chairman Miller had received briefings from the Agency involving this level of security sensitivity and that Mr. Ducander and others of the Committee staff hold proper security clearances. The present intention is to meet with Chairman Miller and Mr. Ducander on the question. No Agency involvement is foreseen.

25X1 2. [] Met with Mr. Frank Slatinshek, House Armed Services Committee staff, and confirmed with him the arrangements for the Director's briefing of the CIA Subcommittee on Tuesday, 27 May, at 9:00 a.m., room 2212, Rayburn House Office Building. Mr. Slatinshek advised that the Chairman plans to leave the city about noon. Also briefed Mr. Slatinshek on the following items:

- a. Sino-Soviet border clash
- b. Soviet extended range tests for the SS-9 MRV

25X1 3. [] Met with Mr. Robert L. Michaels, House Appropriations Committee staff, who advised that Representative Glenard Lipscomb (R., Calif.) has not returned the receipt for the budget book that was delivered for his use. Mr. Michaels advised that no further mention has been made for scheduling the CIA Subcommittee briefing. I briefed Mr. Michaels on the following items:

- a. Sino-Soviet border clash
- b. Soviet extended range tests for the SS-9 MRV

Ivory, International Programs, BOB, and advised that the Agency had no comment on the Department of State's proposed draft bill "To amend the Foreign Military Sales Act" as the subject was outside of the scope of the Agency's responsibility. 1. [redacted] Mr. Charles Lombard, Professional Staff Member, Senate Republican Policy Committee, called to request our assistance in helping them compile a short unclassified glossary of terms relating to ABM, such as those used in a comprehensive story in Newsweek or Time. He said this glossary, which is being prepared for use of the membership, would be needed by Tuesday. Through the cooperation of several Agency offices we are attempting to locate a suitable glossary that has already been published by the press.

25X1

2. [redacted] Called David Muchow, BOB, to learn if there were any substantive changes in the Foreign Military Sales Act other than those appearing in the material sent to the Agency for comment and learned there were not.

25X1

3. [redacted] Stopped by the office of Russ Blandford, House Armed Services Committee staff, to ask if he had any last minute suggestions for our upcoming (27 May) briefing of the Agency Subcommittee beyond what he had already explained to General Cushman. Blandford said he had nothing to add. I asked if he thought there were any problems we should talk about in terms of our liaison or whether he wanted to be briefed on any current items. He said he was quite satisfied with the liaison situation and felt he was adequately briefed as a result of [redacted] regular visits. 25X1

25X1

4. [redacted] and I discussed with Assistant Secretary of State for Congressional Relations William Macomber and later with Carl Marcy, Senate Foreign Relations Committee staff, the assignment of [redacted] 25X1A

25X1 5. [] Called Dorothy Fosdick, Staff Director, Subcommittee on National Security and International Operations, to say that I would like to meet with her and Senator Henry M. Jackson to bring them up-to-date on some recent intelligence items and also to answer any questions that might be troubling them regarding the Agency's role in the current missile controversy. Miss Fosdick said the Senator had just left for the coast and might be back next week but possibly would not be back until early June. She said if he did return next week she would be in touch with me.

25X1 6. [] In the absence of Representative John R. Rarick (D., La.), I spoke to his assistant, Mr. Neel Edwards, concerning allegations by certain members of the Ukrainian community that the Agency is supporting a new Ukrainian association. I told Edwards that the Agency does not comment on such allegations but it might be of interest to him to know that there is considerable factionalism in the Ukrainian group and that it has been very common in the past that one group would accuse another of accepting Agency support in order to discredit them. Edwards said he was sure this would satisfy the Congressman, but he would be in touch with me if anything further is needed.

25X1 7. [] I received a call from Mr. Jerome Adlerman, General Counsel, McClellan Permanent Subcommittee on Investigations, who requested advice for Senator McClellan's guidance concerning one [] who has applied for employment with the Committee. Advised Mr. Adlerman I would relay his request and be back in touch with him on Monday.

25X1 8. [] Talked briefly with Mr. Harry Cromer, House Foreign Affairs Committee staff, and advised that the updating of the charts of the Chinese Communist Government and party leadership and biographic sketches will be available for the Committee the latter part of the week of 2 June. He noted that the Chairman in all probability will be meeting with Senator Ervin (D., N.C.) again before such introduction would take place. He also noted that interest in the bill and demands for action on the Ervin bill have cooled considerably. The unions are starting to press with some vigor for a new wage board bill and a new labor information bill.

1. [] Called Mr. Carl Marcy, Senate Foreign Relations Committee staff, to advise him that we could not approve or sanitize the draft public speech he sent us yesterday. Mr. Marcy said he feared this would be the case and that he would report this back to the Chairman. See Memo for the Record for details.

25X1

2. [] Called Mr. James Lowenstein, Senate Foreign Relations Committee staff, and, in response to his query of yesterday, advised (on the basis of information from OSR) that the number of Soviets in military uniform is 3.6 million. I said that this was an unclassified but substantially accurate figure and he could use it publicly.

Later in the morning, Mr. Lowenstein called back to say that Mr. Jack Stempler, L&L Office of Defense Department, gave him a figure of 3.452 million for U.S. men in uniform. Lowenstein said that the Director had recently told the Gore Subcommittee the U.S. figure was higher than the Soviet figure, and asked me to clarify the inconsistency. After checking with Bruce Clarke, D/OSR, I called Lowenstein back to explain the difficulties of arriving at precise comparative figures and suggested that it would be safer to stick to a statement that Soviet and U.S. military personnel strength are substantially equal. Mr. Lowenstein said he realized the problem was complicated and accepted this suggestion.

25X1

3. [] Mr. David Muchow, BOB, called and advised that the proposed Foreign Military Sales Act is being sent to the Agency for comments, but we need not abide by the 23 May due date as we had been overlooked when the proposal was initially coordinated. 25X1 5. [redacted] Left with Winston Bryant, Legislative Assistant to Senator John L. McClellan (D., Arl.), copies of the latest exchange of letters between Senator Ervin and the Director on S. 782. Bryant said he was glad to have these since Senator McClellan has indicated he wants to do everything he can for us on this bill. I am to see Bryant again the latter part of next week to discuss this situation further.

25X1 6. [redacted] Met with Bill Woodruff, on the staff of the Senate Appropriations Committee, and briefed him on the situation regarding the draft speech referred to us for security review by the Senate Foreign Relations Committee. I left with Woodruff a copy of the Chicago Daily News item alluding to this speech. Woodruff seemed to feel that the Director had taken the right course with respect to this situation but added that Senator Fulbright now had an issue, i. e., the fact that he could not refute Secretary Laird's position on the ABM because of the security restrictions placed upon him. I pointed out that Senator Fulbright could have made this argument even if the speech had not been submitted to us.

25X1 7. [redacted] Met with Ed Braswell, Chief of Staff, Senate Armed Services Committee, and briefed him on the situation regarding the draft speech referred to us for security review by the Senate Foreign Relations Committee. I left with Braswell a copy of the Chicago Daily News item alluding to this speech. Braswell was most interested in this and the impact that it might have on future discussions of the ABM issue. He speculated at some length on this and raised the question of whether the Director should have stated his position to Senator Fulbright in writing so there could be no question about it. I indicated that I felt this would have been rather unusual under the circumstances and on reflection Braswell seemed to agree. As Woodruff had done, Braswell indicated this now gave Senator Fulbright an opportunity to say that he was hampered in rebutting what he alleges to be erroneous testimony given by Secretary Laird because security restrictions preclude him from discussing this issue in public. Braswell expects that Senator Fulbright will use this speech in a closed session of the Senate (such as the one last year on the Sentinel program) and this would appear to be a reasonable assumption. He also indicated that Chairman Stennis will probably want the Director to brief the full Armed Services Committee in this general area before the ABM is debated on the floor particularly in view of recent intelligence on SS-9 deployment.

13. [] Mr. Woodruff mentioned that Senator Russell was interested in having the Director brief the Defense Subcommittee of the Senate Appropriations Committee sometime during the first two weeks in June. Woodruff will be touch with us later about the specific date. He said the Senator would like a briefing along the lines which the Director gave to the Senate Foreign Relations Committee. I reminded him that the Foreign Relations briefing was essentially the one given to the combined CIA Subcommittees earlier but without some of the more sophisticated graphics and asked him his view as to the level of classification for the Defense Subcommittee briefing. Woodruff said his only real feeling about this was that the briefing should be at least as deep as the one given to the Foreign Relations Committee. (I subsequently alerted [] and it was agreed that this briefing, as the prior briefing of this Subcommittee, should be on an all-source basis.)

14. [redacted] In connection with our discussion about Senator Proxmire, I queried Woodruff on Senator Proxmire's interest in PPBS. Woodruff is aware of Proxmire's intense interest in PPBS but expressed his own negative opinion of it and said he would expect that this system would create real problems in our Agency. He said it was his understanding that the Department of State had tried it without success.

She would still like a paper from us saying what we feel can be said on this subject. Miss Fosdick also made the statement that it had come to her attention that CIA employees at the "working level" had made statements to members of the Press, who have subsequently appeared on nationwide television, saying that statements made by Secretary Laird on the ABM issue are not supported by intelligence information. 25X1 1. [redacted] In response to his call last week, I talked with Ben Gilleas, on the staff of the Senate Preparedness Subcommittee, on the Kruckosky case. I told him that the case was pending with our Director of Personnel, who had all the facts, and that I would expect a decision in the near future. I told him I would be in touch with him as soon as I learned of the outcome.

25X1 2. [redacted] Spoke with Mr. Victor Zafra, BOB; Mr. Andrew Ruddock, CSC; and Robert Hull, Department of State, concerning BOB's recent request for Agency proposed legislation to implement the transfer of credit and minimum guaranteed benefit concepts. The outcome is that the Civil Service Commission is updating their legislative package on this subject and will keep it in a standby status subject to a more formal request by BOB. CIA and State action is necessarily tied to and should follow the Commission's. See memo for the record.

a. Told Chairman L. Mendel Rivers, House Armed Services Committee, that I would like to talk with him briefly to get clarification on what he wished us to cover during our 27 May 1969 briefing of the CIA Subcommittee. He said he would get in touch with me after his return to Washington on 19 May 1969.

b. Senator Allott, of the Senate Appropriations Committee, said he personally favored an early Agency briefing of the full Committee but in view of their present calendar he thought it would be some time before they could get around to it.

c. I talked with Chairman William T. Murphy, Far East Subcommittee of House Foreign Affairs Committee, who said he would like an early Agency briefing on the internal situation in Communist China. I suggested he take this up with Chairman Morgan, of the full Committee, but said we would be glad to cooperate.

OFFICE OF LEGISLATIVE COUNSEL

Friday - 16 May 1969

25X1

1. [] Dorothy Fosdick, Staff Director, of the Subcommittee on National Security and International Operations, called and asked if we would check to see whether any support could be given to the argument that the Cuban missile crisis served as a bench mark for the Soviets in their defense programs in that following the Cuban crisis the Soviets engaged in a major military buildup so that they would not be in a position to back down as they did over Cuba. She would like a classified paper for Senator Jackson on this and anything which could be said of an unclassified nature as well.

25X1

2. [] Met with Bill Woodruff, on the staff of the Senate Appropriations Committee, and briefed him on recent intelligence information on Soviet missile sites. I also reviewed with Woodruff, in some detail, the Director's talk with Senator Russell regarding Senator Symington's request for a list of overseas installations and Senator Proxmire's letter asking the Director to appear before the Subcommittee on Economy in the Government of the Joint Economic Committee. Woodruff referred to Senator Proxmire as a very reasonable individual and felt that Senator Russell's suggestion that the Director sit down and talk with him is a good one.

25X1

3. [] Met with Jim Gehrig, Staff Director of the Senate Space Committee, and told him what we knew to date regarding the first of the two most recent Venus shots. Gehrig expressed some amazement at the recent article by Charles Sheldon on the comparison of U.S. and Soviet space programs. He was particularly surprised by the amount of detailed information (which Gehrig had considered sensitive) regarding Soviet space activities which appeared in this publication. I told Gehrig it was my understanding that Dr. Sheldon was quite careful in his publications--checking on the accuracy of his information and content of his material from the standpoint of security classification. I told Gehrig I would talk further with Mr. Dave Brandwein, FMSAC, and be back in touch with him.

25X1 4. [] Met with Mr. Ed Braswell, Chief of Staff, Senate Armed Services Committee, and provided him with the most recent intelligence information on Soviet missile sites. I found Braswell had already been briefed by DIA on this but he appreciated our interest in trying to keep him up -to-date. I also advised Braswell of Senator Symington's request for information on Agency overseas installations. Braswell expressed concern about this but knew of no other way of dealing with the problem particularly in view of Senator Russell's position on the subject.

25X1 5. [] Talked with Mr. Braswell, at some length, regarding the Daniels bill and the possibility of an Administration proposal on transfer of credit as a substitute for it. He was very much interested in this but said he does not expect very fast action by the Congress on the Daniels bill and again stated his opinion that, if the Daniels bill passes the House, the provision for sick leave credit may well be deleted in the Senate. Furthermore, he sees no relationship between the transfer of credit proposals and the Daniels bill and, therefore, can not imagine that the transfer proposal could be considered as a substitute for the Daniels bill.

25X1 6. [] I advised Mr. Braswell of the most recent exchange of letters between Senator Ervin and the Director which resulted in our submission of proposed Agency amendments to S. 782. Braswell said he thought this was the right thing to do under the circumstances and suggested that we keep interested members of the Senate apprised of these developments.

25X1 7. [] Miss Evelyn Stilley, in the office of Representative Nick Galifianakis (D., N. C.), requested unclassified visual information on the Montagnards. I informed her that we would not normally deal with unclassified information on this subject, but offered to check to see if I could advise her on possible sources and did so later in the day, based on information supplied by [] SAVA. 25X1A

25X1 8. [] In the absence of Mr. Andrew Ruddock and Mr. Jack DeSipio, spoke with Mr. W. Brown, Civil Service Commission, and to the best of his knowledge the Commission has not yet received a request from BOB for legislative proposals to implement the transfer of credit and guaranteed minimum benefits concepts. It was agreed that I would try to get in touch with Mr. Ruddock when he returns to the city.

Murphy commented on the references to statements made by the Director in articles in the Post and the New York Times but said he was only asking in the event a text was available.

Woodruff plans to begin a review of this book but does not expect to have a meeting with our people on it for awhile. I alerted him to the fact that the item for the Radios should not be considered final as it was currently being reviewed by the Director.

25X1 6. [] I briefed William Woodruff on the problems which the Soviets are having with the SL-12 booster, the current tendency to the Non-Proliferation Treaty, the Yepishev article, and recent deaths of Soviet officers.

25X1 7. [] Hand carried to Dorothy Fosdick, Staff Director of the Senate Subcommittee on National Security and International Operations, the printed text of the article A Great International Teaching from Volume 6 of the Kommunist.

Pohlenz said the Senator was preoccupied with a number of other subjects at the moment and said that he would take up the matter of seeing him on this again in the near future.

25X1 9. [] Per the Director's instructions, I called on Senator John Stennis and explained the situation regarding press accounts of the Director's talk before the Business Council at Hot Springs. The Senator seemed reasonably relaxed about the matter. See Memo for the Record for details.

25X1 10. [] Miss Kathy Thompson, in the office of Senator George Murphy, called to confirm the Senator's visit to the Agency and lunch with the Director at 12:30 on Thursday, 15 May 1969. It was agreed we would provide transportation for the Senator.

Mr. Derwinski said he would appreciate an Agency briefing within the next couple of weeks on Greece and Taiwan.

Mr. Derwinski recalled our earlier discussions about the Ervin bill (S. 782) and assured me he would support us any way he could if and when the matter comes up in the House Post Office and Civil Service Subcommittee of which he is a member.

3. [redacted] Called on and briefed Representative Philip J. Philbin on the Soviet leadership situation, tensions in the Middle East, Sino-Soviet relations, and Soviet naval developments. Mr. Philbin said he hoped for an early meeting of our House Armed Services Subcommittee.

25X1 4. [] Talked with Frank Slatinshek, Counsel, House Armed Services Committee, who said that there was some feeling in the Pike Subcommittee investigating the Pueblo and related reconnaissance flaps that the Agency might be engaged in some reconnaissance activities which had not been brought to the Subcommittee's attention and which the Subcommittee should know about. I questioned this, but Slatinshek said that in any event he would like a rundown of any reconnaissance activities run unilaterally by the Agency which involved flap potential after which we could decide whether any of them fell within the jurisdiction of the Pike Subcommittee. If so, Slatinshek said we should at least make Pike and the senior Republican member, Mr. Bray, aware of the situation.

25X1 5. [] Paid a routine call on Representative Charles Bennett who said he had no problems regarding the Agency or its Armed Services Subcommittee except a feeling that there should be an early meeting of the Subcommittee. He expressed concern about the way the Safeguard issue had been handled and said he hoped that at the next meeting of our Subcommittee we could clarify the situation. I explained to him that our competence and authority was strictly limited to Soviet weapons and we were in no position to discuss the pros and cons of Safeguard as such.

25X1 6. [] In the course of a routine call on Representative William G. Bray, I gave a brief rundown on tensions in the Middle East, Soviet leadership situation, and Soviet naval activities and submarine construction. As in the past, Mr. Bray was much concerned about the situation in the universities and the student attacks on the Agency, and has several speeches and articles on this subject in the mill.

25X1 7. [] Paid a brief courtesy call on Representative Leslie Arends who said he thought a meeting of our House Armed Services Subcommittee was "overdue" and he would take the matter up with Chairman Rivers shortly.

25X1 8. [] Paid a courtesy call on Representative Alvin O'Konski who seemed mainly concerned with student unrest but commented on a need for an early meeting of our House Armed Services Subcommittee.

25X1 10. [] Briefed Representative Melvin Price on the Soviet leadership situation, Middle East tensions, Sino-Soviet relations and Soviet naval developments. Mr. Price had been particularly preoccupied lately with studies on the world population explosion but said he was hoping for an early meeting of our Subcommittee so he could get up-to-date on things like the ABM problem. He volunteered the comment that he thought the Agency's stock on the Hill was at an all time high, largely because of the way the Director had been handling himself.

25X1 11. [] During a brief courtesy call I gave Representative O. C. Fisher a rundown on Soviet naval developments, Sino-Soviet relations and the Middle East situation. He said he looked forward to an early meeting of our House Armed Services Subcommittee so he could get up-to-date on these and other developments in more detail.

25X1 12. [] Met with Ed Braswell, Chief of Staff, Senate Armed Services Committee, who said that Chairman Stennis had recently commented on the conflicting testimony and confusion regarding the SS-9 and said he would probably want to call on the Agency to seek clarification.

Regarding the Daniels bill, Braswell recommended that we not take our problem to the Post Office and Civil Service Committee but rely on the Armed Services Committee so as not to create a jurisdictional problem. He said he was reasonably confident that if the civil service benefits went through-- a big if at this time in his opinion--the Committee would approve similar benefits for the Agency system.

25X1A Braswell knew of no recent developments regarding the Ervin bill (S. 782).

25X1 13. [] Delivered to Senator Stuart Symington's office a personal letter to the Senator from the Director.

25X1 1. [redacted] Hand carried to Mr. Stan Kimmitt, Secretary to Majority Leader Mansfield, a TASS item commenting on statements made by the Senator on the U. S. defense budget. I took this opportunity to talk with Mr. Kimmitt about the possibility of Senator Mike Mansfield (D., Mont.) making a visit to the Agency sometime in the near future. (See Memo for the Record for details.)

25X1 2. [redacted] Delivered to Jay Sourwine, Chief Counsel, Senate Special Subcommittee on Internal Security, background material on 25X1A [redacted] which Sourwine had previously requested. Sourwine informed me that [redacted] has a long arrest record which he had obtained from the FBI 25X1A and that it is unlikely the Committee will call [redacted] as a witness. 25X1A

25X1 4. [redacted] Received a call from Mr. Kenneth Sprankle, 25X1A Clerk and Staff Director, House Appropriations Committee, who requested informal advice concerning a former Agency employee who is under consideration for employment by one of the Members. [redacted] was employed June 1956 to September 1957. I advised Mr. Sprankle I would check and be back in touch with him the first of the week.

1. [redacted] Bernard Dobranski, Administrative Assistant to Representative William Murphy (D., Ill.), called to thank us for sending the Congressman the China Map Folio the other day and asked if we had any other similar folios on the Far Eastern Asia and I said I would be pleased to check.

2. [redacted] Mrs. Sauls, Democratic Study Group, called to request six [redacted] be sent to Frederick Merrill, 1422 Longworth House Office Building, who apparently does the foreign affairs research for the Group. I explained the restrictions in connection with this "official use only" material which she appeared to fully appreciate. Have asked [redacted] to arrange for the subscriptions.

3. [redacted] Messrs. William Woodruff, Senate Appropriations Committee staff, and Robert Michaels, House Appropriations Committee staff, visited the Agency to view the film "True Sons of the People" and to receive a briefing on a sensitive collection project. (See Memo for the Record for details.) While in the building Woodruff paid a brief courtesy call on the DDCI.

25X1

4. [redacted] Arnold Brustin, in the office of Senator Gaylord Nelson, called and with deep apology said that the Senator's legislative schedule was such that he would have to cancel the arrangements which we had made for a briefing of him on the Soviet and ChiCom threat. He gave no indication that they had any intention of trying to re-schedule this at some time in the near future. I assured Brustin that we understood that these situations developed and were completely flexible about them.

25X1

5. [redacted] Mr. Borstein, in the office of Representative Leonard Farbstein (D., N. Y.), called and requested a briefing for Farbstein on recent shifts in the Politburo. I told him I would check and be back in touch.

6. [] At his request, called on Senator James Eastland (D., Mo.) who was concerned about a press item stating that a Soviet ship had recently loaded Rhodesian chrome ore at the port of Mozambique. Eastland said he is giving a speech on the subject of Rhodesia on Monday and would like to know if there is any truth in the allegation. After checking with [] in DDI, I informed Eastland that the press item is without foundation.

7. [] Called Mr. Boyd Crawford, House Foreign Affairs Committee staff, to say that we had received a call from the office of Representative Leonard Farbstein (D., N. Y.), Chairman of the Europe Subcommittee of House Foreign Affairs, requesting an Agency briefing on recent shifts in the Politburo. I asked Mr. Crawford if he would check with Dr. Morgan, Chairman of the full Committee, to see whether he had any objections to this briefing.

Later in the day, Mr. Crawford called to advise that the Chairman "frowns on this sort of request" and recommended we inform Representative Farbstein he should go to State Department or through the Chairman for this type of information. I thanked Mr. Crawford for his assistance in this matter.

25X1

8. [] I talked at some length with Mr. Robert Michaels, on the staff of the House Appropriations Committee, before his return to the city this morning. After the briefing provided for him and Mr. William Woodruff, on the staff of the Senate Appropriations Committee, he noted in particular the economy mood of the House. He believes that some action could be taken this year looking to reduction in the number of families of vehicles in the space programs. He also noted that the Appropriations Committee is becoming more critical of "management study" costs.

25X1

9. [] Received a call from Mr. Arthur Kuhl, Chief Clerk, Senate Foreign Relations Committee, who requested that the transcript of the Director's testimony before the Committee on 23 April be made available to the Committee on Monday through Thursday of the coming week. He advised that although no hearings are scheduled, the Committee will have need for the availability of the transcript and almost continual review on those days.

[redacted] Mr. James Lowenstein, on the staff of the Senate Foreign Relations Committee, called and advised that the Committee is anxious to receive the Director's response to a list of questions provided at the Hearings of 23 April.
