MEMORANDUM FOR THE RECORD

Subject: Proposed USIB Community Central Records Storage Facility

1. On 12 April 1965, I discussed the above subject with Dr. Herbert Angel, Assistant Archivist for Records Centers, General Services Administration. The purpose of this discussion was to:

- a. provide him with a copy of the Staff Study of 10 No. 1964 on the USIB Records Center
- b. furnish him with the following estimates of the volume of intelligence materials to be placed in the new Federal Records Center at Suitland, Maryland

DIA	160,000
NSA	50,000
CIA	60,000
STATE	1,000
AEC	NONE

2. I also explained to Dr. Angel the effect of the agreements negotiated between CIA and other USIB member agencies in 1961.

3. GSA expects to award a contract shortly for the construction of a new Federal Records Center at Suitland. They will provide vault space for storage of finished intelligence materials for the entire community. The space will be equipped with shelving and the necessary alarms, a fire detection system and special security features will be provided. The entire cost of construction, including special security features will be provided by General Services Administration.
