### Expel U.S. Aide, Chile Group Asks

Santiago, Chile, May 19 (AP)—The Communist-led Popular Action Front announced today it will strive to have the United States charge d'affairs, Joseph J. Jova, expelled from Chile.

The group charges Jova with allegedly meddling in the campaign for the September 4 Presidential elections.

"The charge is ridiculous," a United States Embassy official said. "The Communists are just creating an issue for propaganda reasons."
