MEMORANDUM FOR THE DIRECTOR

1. This memorandum is for information only.
2. Charlie Murphy of FORTUNE informed me by telephone today, that LIFE is coming out next week with a major article by Jim Shepley which will be highly critical of the Eisenhower Administration's handling of the missile project. He said the article will also "hit intelligence" for allegedly underestimating the Soviet capabilities in this field.
3. This statement regarding LIFE's anti-administration story, I have passed on to Jim Hagerty's office.
