MEMORANDUM FOR: Members, Technical Coordinating
Committee

The next Committee meeting will be held at its regularly
scheduled time, 6 September at 1:00 p.m.

We plan two agenda items:

- 1:00-1:30 - A discussion by Hank Knoche, Director, FBIS, of
his operations and his requirements for the future.
Hank has expressed his interest in seeking ways that
new technology might better equip FBIS to handle its
workload and I have suggested this meeting with you
as a way to get the right people to help.
- 1:30-3:30 - Review of preliminary Panel Reports. Reports from
the following Panels will be reviewed:
