CPYRGHT Swell Job, Nassau!

Nassau rang the bell!

The turnout of 446,352 voters in the election is something to be proud of. It's twice that of '48 and represents 87.2 per cent of the registered voters. It probably is even better than that, when you consider the carry-over in the non-personal registration districts... the population shift between elections always means the names of some people who have moved away are continued on the books.

It was a fine showing... and no mistake! The Register-and-Vote drives paid off!

NOW THE GUESSING GAME begins. What "outs" are now going to be "ins"?

The Federal government always has drawn heavily on Nassau's talents... cabinet officers, department heads, high-level consultants et al.

But who's to be tapped now that the GOP is in the driver's seat in Washington?

Winthrop W. Aldrich of Wheatley Hills, head of the National City Bank in Manhattan, is considered a likely choice for the cabinet—probably Secretary of the Treasury.

Defense Secretary Robert A. Lovett of Locust Valley, who succeeded General George C. Marshall about a year ago, conceivably could continue as an "in."

F. Trubee Davison of Locust Valley surely will be in the high councils. A onetime Under Secretary of the Navy, his latest post has been as assistant to Lt. Gen. Walter Bedell Smith, head of the Central Intelligence Agency.

And our County Executive J. Russel Sprague!... whose key role in nominating and electing Eisenhower rates him a "top man" post... say, as Postmaster General!

What's your guesses?
