**\$56,000,000 LOSS
TAG PUT ON RED
SPY BY SWEDEN**

STOCKHOLM, April 30 (UPI)—
The Swedish government has
estimated it will cost 56 mil-
lion dollars to repair the dam-
age to its defense planning done
by Col. Stig Wennerstrom, con-
fessed soviet spy.

The government announced
yesterday that it will ask next
year's parliament for 10 mil-
lion dollars to begin the work
of reorganizing Swedish
defenses in a program expected
to take five or six years.

A government statement said
that changes are planned not
only in the present defense set-
up but in scheduled purchases
of war materials already de-
cided on.
