

8 October 1946

Mr. John L. Nagle
Deputy Commissioner for Real
Estate Management
Public Buildings Administration
6302 Federal Works Agency Building
Washington, D. C.

Dear Mr. Nagle:

Confirming our telephone conversation several days ago, I wish to advise that the Central Intelligence Group has completed tentative arrangements with the War and Navy Departments for the transfer of the Washington Document Center to this agency.

The Washington Document Center is occupying space on the 4th, 5th, and 6th Floors of the Stewart Building, 6th and D Streets, N.W., Washington, D. C. In view of this transfer, which will not be effective until 1 December 1946, it is requested that space records of the Public Buildings Administration indicate that the space is to be transferred to this agency. I realize that you are anxious to obtain the space in this building for other purposes, and at this time it is impossible for the Central Intelligence Group to furnish the required space. However, should the space needed become available, arrangements may be made at that time to move this activity to another location.

Thanking you for your cooperation in this matter, I remain

Very truly yours,

25X1A9a
