SUBJECT: Check Stolen from the Mails -

I explained to both of these gentlemen that the Agency had some concern about the case being prosecuted because of certain security matters involved. Upon discussion, it was learned that the accused allegedly stole and uttered five checks--each check carrying with it two felony counts with maximum sentences of ten years each. Mr. Huffman took my request under advisement and called back this date to say that the presentation to the grand jury will not, repeat, not include the check belonging to Agency employee,
