25X1 7. [ ] JMM) Accompanied the Director and [ ]  
who appeared before the Western Hemisphere Subcommittee of the Senate  
Foreign Relations Committee to discuss Chile. Greece was also discussed.  
See Memorandum for Record and transcript.

25X1

25X1 8. [ ] JMM) Briefed Frank Slatinshek, Chief Counsel,  
House Armed Services Committee, on recent developments in Greece.

25X1 9. [ ] JMM) Met with Senator Milton Young whom I  
briefed on recent developments in Greece, Arab/Israeli situation and  
Soviet weaponry.

He said he would like a status report on the U.S. effort to acquire  
and evaluate an SA-6, remarking that Senator Proxmire had called upon the  
GAO to make a study of the effectiveness of the SA-6 and on the basis of  
this study was recommending a drastic cut in the U.S. program for developing  
a comparable weapon.

25X1 10. [ ] JMM) Cliff Hackett, House Foreign Affairs  
Committee staff, called to say that the Europe Subcommittee, under Chairman  
Rosenthal, desires a briefing on the Greek situation. After checking, I  
called him back to say that as we understood the ground rules, such briefings  
should be checked with Chairman Morgan, of the full Committee, and we  
had called on Marian Czarnecki, Chief of Staff, to check on this for us.  
I commented we had an unfortunate experience with one of the other Subcom-  
mittees and wanted to be sure we touched all the bases. He said the meeting  
would be informal, no transcript would be taken and they would be perfectly  
happy to have a briefing on the staff level without bothering the Director. I  
25X1 told him [ ] was ill and I wasn't sure when we could arrange it.

25X1 11. [ ] - JGO) I contacted members of the House Appropria-  
tions Committee staff several times during the day but the Defense appropriations  
bill and report were not available for release. The full Committee was in session  
during the entire afternoon on the bill.
