8 January 1954

1. Recommended to General Cabell that action be deferred in connection with the proposed redesignation of the Chairmanship of the CIA Career Service Board and the transfer of the CIA Honor Awards Board to the jurisdiction of the Assistant Director (Personnel) until Mr. Kirkpatrick thought the time was appropriate; he agreed. I so informed Mr. Kirkpatrick and left the changes in Regulations with him, requesting that he return them to me for publication when he thought the time was right. H

2. Also talked to General Cabell about our Management Improvement Service. Although not final, it seems clear that he would prefer to remove this function from the Office of the Comptroller and place someone with considerable stature as the head of it. H

3. Arranged with the Director for Mr. Pforzheimer, Mr. Saunders, and myself to meet with him tomorrow at 11:30 a.m. to discuss items which might come up at his luncheon with Messrs. Taber and Wigglesworth.
