

DIARY NOTES

A-DD/A

1 April 1953

1. At Mr. Wisner's request I supplied him with the total amounts of CIA obligations beginning with Fiscal Year 47 and continuing through Fiscal Year 52.

2. Ed Saunders and [redacted] have both reported to me that recent instructions received from the Federal Credit Union indicate that we should not use our Credit Union as a check-cashing facility, except for members. Ed and Bob are going to pursue this with the idea of having the restriction changed.

3. I authorized [redacted] to request [redacted] to indicate true names on our cables since he is already doing it for the DCI, the DD/P, and, I think, the DD/I.

4. [redacted] SR Division, telephoned to say that he understood that the Committee had picked up [redacted] on the new salary arrangement which we have been discussing. I told him that it was my understanding that Mr. Dulles had given this new arrangement his blessing, inasmuch as the contract would run only through September.

5. Walter Pforzheimer telephoned to say that Senator Case had asked the Navy to investigate the leak concerning [redacted] which appeared in a

6. Agreed with [redacted] that insofar as I could see now I would be able to participate in his Orientation Program on the 6th of May. Shane also requested that some arrangement be made which would permit him to serve coffee without expense to him when he is briefing persons whom he considers to be VIP's from other Government agencies. I told him that I could not approve of such a voucher.

7. [redacted] reports that satisfactory arrangements have been made with the Security Office to supply badges for [redacted] personnel. The Center had previously proposed the purchase of a machine to make their own badges at a cost of \$600.00. [redacted] says that [redacted] of Physical Security still believes that [redacted] should have a machine of its own. I am afraid that I don't fully appreciate this point of view and do not see the necessity of spending \$600.00.

8. [REDACTED] showed me a copy of the study made by [REDACTED] concerning the inadequate water supply at the Center. It seems evident that we not only do not have an adequate water supply for fire protection, but, in fact, do not have an adequate water supply for the domestic use of [REDACTED] if and when we should have that many on the premises. I asked Bob to take this paper to Jim Garrison and request that he furnish me with his comments and recommendations.

9. Jim Garrison telephoned to request that I attend a briefing at 11:00 a.m. on Tuesday concerning the recent trip made by representatives of Training and Logistics in connection with the Maritime Research and Training Project.

10. Dr. Tietjen was over to say that he had heard that some consideration

ties were not available at that location to look after them. I asked him to check with Shef as to the status of this and he requested that he have a chance to comment on the situation before it is finally presented to the Director.

11. At Dr. Tietjen's request I inquired of [REDACTED] as to the status of a paper having to do with the interpretation of "line of duty". John assures me that the paper will be out of his office by the end of this week.

25X1A9a

12. Dr. Tietjen advised me that unless there was some objection he planned to waive a re-examination for Mr. Kirkpatrick; I assured him that this was all right.

13. [REDACTED] telephoned to say that if it was agreeable to transfer [REDACTED] to OCI with the understanding that the PM Staff could have 60 to 90 days to obtain a replacement, DD/P was prepared to sign off. I told him that this would be satisfactory and have advised [REDACTED] of DD/I's office accordingly.

14. [REDACTED] telephoned inquiring as to the status of a \$400.00 loan made to [REDACTED]. I told him that special arrangements for this loan had been made, that the Comptroller and the Auditor-in-Chief were both aware of these arrangements, and that he should not worry about it further. Mr. Wolf will supply a Memorandum for the Record on this subject.

15. Shef Edwards telephoned to say that he was sorry he had not had time to brief Mr. Wolf or me on the [REDACTED] case but that it had been one on which he had been compelled to stay right on the job. He believes that everything is going along all right and will brief Mr. Wolf at his earliest convenience.

16. [REDACTED] telephoned to say that he had a proposal from [REDACTED] for the handling of their liquidation reserve. I told him that this certainly was a coincidence since we had planned to send Mr. Saunders out to the west coast next week to make the necessary arrangements in connection with this fund. I also told him that as a result of our [REDACTED] experience on exactly the same thing

we thought we were in a position to make the necessary arrangements with a minimum of difficulty. He was pleased and I have arranged for Mr. Saunders to contact him. [redacted] also advised me that certain key officials of [redacted] would probably be leaving for the Far East about the 8th and hoped that Mr. Saunders could arrive in time to see them before their departure.
