1. Received a call from Jim Garrison to the effect that a [REDACTED] 25X1A5a1
of [REDACTED] might telephone the Director regarding Jim's activities in

3. [REDACTED] requested my advice as to whether or not [REDACTED] of FDD could sell to [REDACTED] a history book on China which he wrote over a period of 15 years prior to his association with CIA. [REDACTED] has learned that [REDACTED] is interested in something of this type due to the receipt of a translation requirement in FDD. I told Joe that I certainly could not say that this 25X1A9a
25X1A [REDACTED] would not be possible but that the entire thing should be very carefully worked out and should have security approval.

25X1A9a

4. I asked [REDACTED] the Cable Secretary, to telephone Mr. Peel and request assistance from his office in working out his organizational and administrative arrangements with the Office of Communications.

5. Shef Edwards is concerned about reduction in the [REDACTED] T/O and other 25X1A6a
tables of organization in the DD/P area for fear that security officers will
be eliminated. He says that the security officer in [REDACTED] has already been 25X1A6a
eliminated and is afraid that the T/O for the [REDACTED] area will be cut too thin. 25X1A6a
He feels that we should have a talk with the Deputy Director (Plans) and insure that this is not done.
