DIARY NOTES

25X1A

ADD/A

20 September 1952

25X1A9a

At Jim Garrison's request I approved of the appointment of [REDACTED] as Acting Deputy Chief of Procurement and Supply. I told Jim to be sure to emphasize to [REDACTED] that while we did not question his ability we were interested in having someone fill the job of the Deputy Chief who could replace the Chief either temporarily or permanently and that since he is here on detail only from the Army if such a candidate came along at a later date it would be clearly understood that we would make the change which, of course, would be no reflection whatever on him.
