1. Bob Ayers, Vice President and General Manager of Government Services, Inc., called and requested a meeting with [REDACTED] in order to discuss some plans for the cafeteria in the new building. I got in touch with [REDACTED] and he arranged a meeting with representatives of GSI and GSA. They are all concerned that the layout proposed by Harrison & Abramovitz is not too good and have scheduled another meeting very soon with representatives of Harrison & Abramovitz and the other interested people down here.

2. [REDACTED] advised me that there was to be a demonstration of the RAMAC (305) machine at the IBM office here at 1111 Connecticut Avenue, N.W., on the 19th through the 26th. I told him that I would like very much to see this demonstration.
