1. At the Deputies' Meeting this morning Bob Amory's proposal to change the name of the Office of Research and Reports (ORR) to the Office of Economic & Geographic Intelligence (OEGI) was discussed and disapproved.

2. [REDACTED] reports that the Bureau of the Budget has approved the release of \$4.86 million for operations [REDACTED] from the Contingency Reserve.

3. Emmett Echols reports that of the [REDACTED] questionnaires returned, only 110 people indicate that they do not intend to move with the Agency. Only nine of these are above grade GS-12; seventy-seven of these are grade GS-4's, 5's, and 6's. Hence it would appear that we are not going to have a great turnover problem. H

3. I also talked to Emmett about Personnel Regulations and the fact that the Office of Personnel was very delinquent in supplying their Regulations in the new format. He again told me that he was completely unaware that this was the case. I reminded him that I had spoken to him about this a month ago and furthermore that it was my understanding that these had been on his desk for several weeks. He agreed to look into it without delay and to give me a report.

4. Emmett sought my advice on the problem of a colored junior officer trainee with a white wife. We agreed that the social problem would be very significant and that we should not pursue this candidate further. In this connection, I queried Emmett as to whether we were going to get three colored JOT's each year in accordance with General Cabell's instructions. He believes that there is no question that we will meet this quota.

5. In connection with Mr. [REDACTED], a job has been found for him in Larry Houston's office.

6. Emmett talked to me about [REDACTED] who wants a job with the Agency. I told him that I was not sure that this was in the Agency's best interests nor in Bob's, but that I would be very glad to have a talk with [REDACTED]

7. Emmett also discussed with me the placing of [REDACTED]. Dick has been with DPD for some length of time and has had a number of hardship assignments through these years. However, he has been promoted up to grade GS-14 and it would be difficult for him to compete in the Personnel Career Service at this level. Dick has also expressed his feeling of not wanting to return to the Office of Personnel but rather

to pursue general administration. I explained to Emmett that while I was sympathetic with his and Dick's feelings I could not see taking him into the Administration, as we are separating seven people presently. I suggested that Emmett address a memorandum to me on this subject, and I would see what I could do about placing Dick elsewhere.
