2. [REDACTED] buzzed to say that the Director wants to discontinue the use of onion skins for the originals for Memoranda of Conversation. We will, therefore, take immediate action to ensure that proper forms are stocked and that an Agency Notice is issued for the information and guidance of all concerned.

3. I talked to Matt Baird about four points in his latest Weekly Activities Report:

a. First, I expressed an interest in the psychological research program which has to do with the management process of the Agency and requested a briefing. Matt advised me that this was an erroneous statement in that the study which they are making has only to do with the selection of JOTs and not with the management processes of the Agency.

b. I expressed my disappointment at the registrar getting our application for Brookings over too late for consideration. (This seems to be happening all too frequently to suit me.)

c. I emphasized to him as I have to Emmett Echols the necessity for adjusting standards so that we will enter on duty three Negro JOTs this year.

d. I also explained to him how [REDACTED] was selected to make a speech for the Director at S [REDACTED] and assured him that John was not picked on because no one else wanted to go.

4. [REDACTED] was up to discuss with me the possibility of adding a room to [REDACTED]'s house at the [REDACTED] to accommodate the Bill 25X1A6a [REDACTED] Family. I approved in principle and told him to go ahead and work out the necessary details with the Real Estate and Construction people.
