1. I talked with [REDACTED] about releasing [REDACTED] for the job of Special Planning Assistant to the Deputy Director (Support). He is most reluctant to let him go prior to August, but after I explained to him that I could not keep the job open for [REDACTED] and felt that it might be an important link in his career development, he said he would try to work it out and promised to let me know promptly. 25X1A9a
