2. I met with Bob Fuchs, [redacted] to discuss ways in which we might simplify the administrative handling of financial accounts at Class B [redacted]. As a result of this meeting I asked Bob and Pat to explore the following suggestions and to make some specific recommendations in a day or two: (a) have Class B [redacted] hold their vouchers [redacted] and send certifying officers from Headquarters to those stations which are not served by a [redacted] unit; (b) transfer certifying authority to the Area Divisions; and (c) apply a more broadminded approach to the substantial compliance principle; i.e., don't write a dispatch costing \$25 to challenge a \$3 error. I also suggested that Bob might well take a rather extensive trip to African [redacted] in lieu of the one which he had planned to take to Latin America.

I told him to do the best he could and that, if he needed a few hundred dollars at the end of the fiscal year, I would find some way to get it for him.
