DIARY NOTE

DD/S

3 October 1972

\*\*\*\*\*

STATINTL [REDACTED] On 2 October Mr. Colby called to ask our  
current reassignment plans for [REDACTED] He recalled that STATINTL  
he had suggested consideration of assignment to the IG Staff or to O/PPB.  
STATINTL He further said that Mr. Broe indicated that I had some reservations  
STATINTL about him as a member of the IG Staff. I told Mr. Colby that based on  
observation [REDACTED] in his last assignment before he went to STATINTL  
[REDACTED] I did have some reservations about his being an Inspector. I  
pointed out, however, that [REDACTED] case is currently being STATINTL  
considered by our senior panelists. I also noted that [REDACTED]  
Chief of Support, EUR is in the field on TDY and that we are anticipating  
his return with up to date information [REDACTED] I also mentioned STATINTL  
STATINTL that [REDACTED] return timetable did not coincide with the timing of  
STATINTL DD/S vacancies on the IG Staff. Mr. Colby felt that the IG might still be  
able to accommodate his assignment and went on to say that he felt  
STATINTL [REDACTED] would bring fresh ideas and a fresh approach which could be  
helpful to the IG. I told Mr. Colby that I would be in touch with Mr. Broe  
and also that we would work on this reassignment while looking to  
[REDACTED] return from Europe.

STATINTL On 3 October I spoke with Mr. Broe and mentioned Mr. Colby's  
call to me of yesterday. Mr. Broe said that he had also been contacted  
but had no information on the suggested [REDACTED] discouragement. I STATINTL  
him what I had said to Mr. Colby and also that Mr. Colby seemed to wish  
[REDACTED] assigned to the IG upon his return. Mr. Broe said that not  
only was there no "Support" slot coming open next summer but not really  
any position which has not already been filled or anticipated and desired to  
be filled by another Directorate.
