10 March 1975

MEMORANDUM FOR: Deputy Director for Administration

SUBJECT: Deletion and Redlegation of Executive
Director-Comptroller Functions

REFERENCE: DDA Memo for DCI, Same Subject
(DDA-75-1080)

STATINTL I have no problem with the recommendations made in referent memorandum except that I see no reason to substitute the Comptroller for the ExDir-Comptroller in HR [] Our opening or closing of Stations and Bases are not problems which are essentially fiscal or budgetary in nature. Such proposals involve operational judgments and I believe should be handled directly by the DDO and the DCI. Obviously if a major budgetary problem is involved the Comptroller should and would be consulted. He would also obviously be advised after the DCI had made his decision.
