30. [redacted] Returned a call from Mark Kleiman, on the staff of Representative Les Aspin (D., Wis.), who said the Congressman would appreciate a briefing from Carl Duckett, DDS&T, on SALT and the Vladivostok agreements. He said the Congressman would be in town next week and suggested that we try to schedule a meeting during that time. He mentioned in passing that Mr. Aspin would also be getting some briefings next week from the National Security Council staff on this subject.

25X1 33. [REDACTED] and I met with Senator Lloyd Bentsen (D., Tex.) in response to his request for a briefing on Portugal. I confronted the Senator with his disclosure of information on Portugal which we had given to Sally Shelton, of his staff, as press information [REDACTED]. The Senator was obviously upset that through some mistake he had acted contrary to the Agency's ground rules in this matter and offered to confront Miss Shelton on this in our presence. (See Memo for the Record).

25X1 34. [REDACTED] Met with Bill Ashworth, staff of Senate Foreign Relations, in response to his request and he asked if we could give Senator Stuart Symington's (D., Mo.) Subcommittee on Arms Control, International Organizations and Security Agreements, Senate Foreign Relations Committee, a briefing on Tuesday, the 29th of July covering nuclear weapons developments in the 29 nations who are parties to the international agreement for cooperation. He said that Symington has gone to the IAEA on this matter and plans to hold hearings next Tuesday which will include in addition to the Agency witness, Messrs. Freedman of ERDA, Kratzer of State and George Vest, Director of Politico-Military Affairs, Department of State. He said the Senator would want our witness (presumably Carl Duckett) to discuss the steps which each nation has taken (or has not taken) in the development of nuclear weapons. He said he would also want us to cover those countries who we thought would join the "nuclear club" whether or not they were parties to the international agreement. He specifically mentioned Korea, Taiwan, Brazil, Argentina and India. He also cautioned against our invoking the safeguard provisions since, as he put it, Senator Symington can effectively dispel this argument. I told him I would be back to him on this tomorrow.

25X1 35. [REDACTED] Called Bob Carlstrom, OMB, to alert him to our reports on H.R. 61 and S. 1428 (criminal justice information) and to ask him to expedite their clearance. I pointed out that they were virtually identical to the report the Agency submitted earlier on the Justice Department draft bill on criminal justice information. He said he would do his best.

22. [redacted] Called Robert Pratt, in the office of Representative Robert F. Drinan (D., Mass.), in response to the Representative's letter to Robert S. Young, Freedom of Information Coordinator, on behalf of a constituent, [redacted] who claims that the Agency had not yet responded to his FOI request of a month ago. I explained to Pratt that the Agency has no record of any prior correspondence from [redacted] however, we were corresponding with him directly based on Representative Drinan's letter.

23. [redacted] Called Rob, in the office of Representative George Miller (D., Calif.), in response to his call to Mr. Thuerner's office inquiring as to the status of a Freedom of Information request from a constituent, [redacted] I informed Rob that a final response was being sent this week.

24. [redacted] Delivered 50 copies of Mr. Warner's prepared statement for the Representative Bella Abzug (D., N. Y.) hearing, 23 July 1975, to Tim Ingram, of the House Government Operations Committee staff.

25. [redacted] Picked up a letter from Senator Adlai E. Stevenson, (D., Ill.) for Mr. George L. Cary.

26. [redacted] Delivered four sets of Mr. Warner's prepared statement, for the Representative Bella Abzug (D., N. Y.) hearing of 23 July 1975, to one staff member from each of our oversight committees, Ralph Preston, House Appropriations Committee staff, Frank Slatinshek, House Armed Services Committee staff, Ed Braswell, Senate Armed Services Committee staff, and Guy McConnell, Senate Appropriations Committee staff.

27. [redacted] Called Steve Skancke, NSC staff, and asked him if he had received the transcripts of the U-2 incident from State and Defense. He said he had received them and had sent them with their recommendations to General Brent Scowcroft, USAF, Deputy Assistant for National Security Affairs. I then called Donna Larsen, in the office of John O. Marsh, Counsellor to the President, and advised her of the situation. I asked if she could check with Mr. Marsh and see if he could do anything to hurry this up for us as the Senate Foreign Relations Committee was giving us a bad time. She said she would talk to Mr. Marsh as soon as possible.

4. (Internal Use Only - RJK) Called Richard Kaufman, General Counsel, Joint Economic Committee, and told him that the transcript of the Director's 18 June 1975 testimony before the Subcommittee on Priorities and Economy in Government had been sanitized and approved and would be delivered by courier to his office this afternoon. In addition, the courier would give him for his review, and later pick up a copy of the paper on Soviet military expenditures that he had requested.

5. (Internal Use Only - RJK) Spoke with Joanne O'Neal, on the staff of Senator Harry F. Byrd, Jr. (I., Va.), and gave her an explanation for the turn-down of the application of [redacted] whose father had written to the Director and had provided a copy of his letter to Senator Byrd. Ms. O'Neal appreciated our letter to the Senator and this follow-up. STAT

6. (Unclassified - RJK) William Wilson, on the staff of Representative Frederick W. Richmond (D., N.Y.), called to ask some questions about the Agency method of responding to constituent requests under the FOIA. I was happy to answer his questions to his complete satisfaction. STAT

7. (Internal Use Only - RJK) Spoke with David Nickels, Arms Control and Disarmament Agency, Department of State, who wanted to know whether Representative Les Aspin (D., Wisc.) has ever been briefed at the compartmented level. He understands that we do not "clear" Congressman. I told him that as a member of the House Armed Services Committee, Aspin had been present at Agency briefings where at least a portion of the information was in the compartmented area.

8. (Internal Use Only - RJK) Richard Kaufman, General Counsel, Joint Economic Committee, called to ask for a second review of an Agency publication on Soviet military expenditures which [] Congressional Support Officer, OCI, let him see some time ago. I told him we would try to get it up to him tomorrow. [] will provide us with a **STAT** copy of it.

9. (Unclassified - TW) Spoke with Mr. Reeves, in the office of Representative Carl D. Perkins (D., Ky.), regarding a sealed envelope forwarded to the Director by Perkins. Per Perkins' letter to Director Colby, the envelope was given to Perkins by Ronald Herald of Newport, Ky. The envelope contained a letter from a Marion Herald in which Mr. Herald complained of activities emanating from the Court House in Newport, Ky. After discussing the subject matter with Reeves, he stated that no further response was necessary.

10. (Unclassified - TW) I spoke with Tim Ingram, Counsel, House Government Operations Subcommittee on Government Information and Individual Rights, regarding his list of items for follow-up arising out of the 25 June hearing before that Subcommittee. I mentioned that we were finalizing our response to questions raised at the hearing and would like to have his list in order to address all items in our package. He stated he had already sent the list which apparently got lost and would send us another copy. I said we would forward our response within a couple of days after receipt of his list. He seemed satisfied with this timetable.

14. [redacted] Met with Representative Lucien Nedzi (D., Mich.) outside of the House Chamber and provided him with a copy of the Director's letter to the Postmaster General, of 16 July 1975. Mr. Nedzi had received this information earlier from Representative David Henderson, (D., N.C.) Chairman of the House Post Office and Civil Service Committee. I also provided a copy of the letter and alert to the Postmaster General's possible release of it this afternoon to our oversight committees (Messrs. Frank Slatinshek, Ralph Preston, Clark McFadden, and Guy McConnell.).

15. [redacted] Received a call from Mark Kleinman, on the staff of Representative Les Aspin (D., Wis.), who wanted to talk about Somalia. He asked if there was any possibility that what the members who visited Somalia saw and what has been reported at Berbera does not really exist. I told Kleinman there was no chance of this since not only had the members seen it, but we had photographed it. He said fine and then I went on to ask if I could have someone talk to him about the possibility that the AID cut-off had anything to do with the Somalia coup. I told him I would have [redacted] get in touch with him on this. 25X1

He said the Secretary has already seen Chairmen Melvin Price (D., Ill.) and John Stennis (D., Miss.). 25X1

19. [] Called Donna Larson, in the office of Mr. John Marsh, Counsellor to the President, and asked if she could check with the NSC staff and find out when we might expect a decision on the sanitization of the U-2 incident transcripts. She said she would check and let me know.

Later in the day, I received a call from Steve Skancke, of the NSC staff, regarding the transcripts. He asked if we had cleared these with State Department or Defense Department. After checking I told him we had not. He said he would send each of these Departments a copy and get their opinions. I asked how long this would take, adding that we were really being pushed by the Senate Foreign Relations Committee to give them an answer. Skancke said he should have an answer back by Monday, 21 July.

6. (Unclassified - LLM) Ron Tammen, Legislative Assistant to Senator William W. Proxmire (D., Wis.), called to advise that the Senator would be speaking on the Senate floor this afternoon to cover the material contained in the Senate Appropriations Subcommittee on Housing and Urban Development, and Independent Agencies' report on Mr. Duckett's testimony of 4 June 1975. The Director's and Mr. Duckett's offices, and Mr. Thuermer were advised.

7. (Unclassified - LLM) Emerson Brown, ~~INR State~~, called in connection with the handling of a request received by State from the Senate Foreign Relations Subcommittee on Multinational Corporations for information on political payments in Korea by Gulf Oil. Brown said they had a statement from [] of the Agency, that the Agency possessed no information on this subject, and the responsible State official wanted to include that statement in State's reply. This was contrary to the agreement reached by Brown and myself on 3 July 1975, which is the reason why Brown called. I told him I would get back to him.

8. (Internal Use Only - LLM) Accompanied [] to a briefing session with Dan Spiegel, Legislative Assistant to Senator Hubert H. Humphrey (D. Minn.), and Steve Bryen, Executive Assistant to Senator Clifford P. Case (R., N. J.). In addition to being on the personal staffs of Humphrey and Case, Spiegel and Bryen also served the Senators in connection with their Foreign Relations Committees responsibilities. The briefing was on economical, political, [] in preparation for a trip by the staffers to this area. The briefing went very well, with Bryen taking an assertive lead in questioning. There were several follow-up items and both agreed that the briefing would be treated as off-the-record and not for attribution.

10. (Internal Use Only - RJK) Spoke with Jim Guirard, Administrative Assistant to Senator Russell B. Long (D., La.). He wanted to get Secret or Top Secret clearances in order to be able to sit in on some of the briefings Senator Long receives and has the Senator's approval to do so. I explained our method of dealing with our Committee staff and the "need to know" principle. I suggested to Guirard that he raise the questions of his clearances with a DOD representative and he said that he would.

25X1 23. [redacted] Met with Representative Robert Giaimo (D., Conn.) this afternoon to tell him the Director felt he had had a good talk with him on the phone the other day and wanted him to have the thrust of his (the Director's) letter of 25 June 1975 to Chairman George H. Mahon (D., Tex.) House Appropriations Committee, on the intelligence community budget. I left with Giaimo a blind copy of this letter. I also discussed with Mr. Giaimo the same points which I had covered in greater detail with Ralph Preston and Chuck Snodgrass, House Subcommittee on Defense, Committee on Appropriations staff, at lunch earlier in the day.

I mentioned to Mr. Giaimo that I had received from the Office of Training, some of the comments which had been made by the members of the Advanced Intelligence Seminar which he spoke to some time ago in their critique of the speakers who addressed them. I told him the comments I was giving him a copy of (without attribution to individuals, of course) was not all inclusive but was representative of the critiques given of his talk. In general, the comments were that Mr. Giaimo was fair and candid, although he admittedly did not know an awful lot about the intelligence community or its processes. He appeared genuinely interested in these comments and in response to my suggestion that he speak to one of these groups again after we had given him a break, he said he would be happy to do so.

25X1 24. [redacted] Since I was on the hill, I dropped by to see Pat Holt, on the Senate Foreign Relations Committee staff, in response to his telephone call to the office. Holt very politely needled me about the transcript of the Dulles testimony on the U-2 incident which he had sent to us for security review some time ago. I told him we had been quite prepared to send this back to the Committee some time ago, but when we found that the Committee had made queries to the Department of Defense and the State Department on the testimony of other witnesses on this subject and that there were inter-related interests between State, Defense and ourselves of the testimony of each other, that this had slowed down the security review process considerably. I told him that it was high time this had been completed, however, and that I would make every effort to get the transcript back to him within the next few days.

25X1 I took this opportunity to mention to Holt that [redacted] had planned 25X1 to be back in touch with him concerning his inquiry about Mobutu during my absence several weeks ago, but that other priorities had pushed this to the back burner temporarily. We went over the subject including [redacted] and 25X1 [redacted] conversations with him and I told him if there was anything further on this subject that [redacted] would be back in touch with him.

25X1 25. [redacted] Called Naomi Sweeney, OMB, regarding proposed regulations covering garnishment proceedings against federal employees. Such proceedings were authorized under PL 93-647. Ms. Sweeney gave me the impression that things weren't moving too rapidly on this matter and referred me to 25X1 [redacted] for the specifics.

25X1 7. [redacted] Called Gary Clary, Administrative Assistant to Senator Strom Thurmond (R., S.C.), regarding the Senator's bill, S. 1395, to insulate armed forces medical personnel from malpractice suits. About a month ago I had asked Clary to see if the Senator might be willing to add CIA physicians to this bill, but had received no response from Clary. He said he had mentioned it to Senator Thurmond but had not received a final response and would ask him again. I told Clary I would ask Mr. Cary to call the Senator to promote such a move.

25X1 8. [redacted] First thing this morning, I received a call from Chairman Lucien Nedzi (D., Mich.) expressing further concern over the articles reporting on Searle Field's, of House Select Committee staff, memorandum of what he saw in Agency files about CIA "infiltration" at the White House. He said he would like to review the material seen by Field and Jack Boos, House Select Committee staff, at Headquarters when they visited here. I told him I would be happy to bring the material to him and have Walter Elder, of the Review Staff, go up to talk to him about it this morning if he wished. Elder and I subsequently met with the Chairman at 10:00 a.m. in his office. He reviewed the material and could find no logical basis for the conclusions stated in Field's memorandum. He then asked if it would be possible for us to release the text of the page of the summary of the 13 August 1973 document that contained references to the detailed Agency personnel to the White House staff. Elder and I agreed to look into this, b25X1 expressed some concern about including names of individuals especially in reference to [redacted]

25X1 We talked to Mr. Nedzi about seeing Representative Robert W. Kasten (R., Wis.) on this since Kasten had made a number of public statements based on Field's memorandum and staff briefings on this subject. Mr. Nedzi suggested that we leave this in his hands for the moment and we gladly acceded. He also commented that he planned to talk to Searle Field on the subject. A short time later, Nedzi contacted me and asked to look at the material again because of references Field made to statements in the documents pertaining [redacted]. In view of another commitment that I had, I left this matter in Mr. Elder's hands.

25X1 9. [redacted] At the request of Frank Slatinshek, of the House Armed Services Committee staff, I called Ken Harding, Sergeant at Arms of the House of Representatives. I said I understood that he was interested in recommending [redacted] for Agency employment. 25X1 Harding said he did indeed, he added [redacted] was in the Washington area temporarily, visiting his parents. He is winding up his work on his 25X1 doctoral degree with language proficiency in Russian and Harding strongly recommended him to us. I subsequently called [redacted] parents' home and said I would arrange a personal interview for him with our recruitment

17. [] Received a call from Jack Marsh, Counsellor to the President for Legislative Affairs, who said that Representative George H. Mahon (D., Tex.) had contacted the White House and expressed opposition to the Agency's appointment of [] as 25X1 special counsel. Marsh was interested in my reaction to Mahon's attitude and asked whether anyone had alerted the White House on this matter in advance. I gave Marsh my rationale for Mr. Mahon's position, which is 25X1 based on pressure I believe he is receiving from certain members of the Defense Appropriations Subcommittee, and I advised him that the matter of a special counsel had been discussed in advance with Philip Buchen, Counsel to the President, and [] had talked with Buchen this morning 25X1 about the selection of [] and Buchen had indicated he thought [] 25X1 was a good choice. Marsh thanked me for this information. He said this was probably a matter that would receive the attention of the President.

18. [] Mr. Duckett called to advise me of the contact made with him by General Don Johnson, Director, Defense Nuclear Agency, concerning Duckett's testimony before Senator William Proxmire's (D., Wis.) Appropriations Subcommittee regarding the Soyuz/Apollo flight. General Johnson told Duckett that he was in agreement with Duckett's statement as released by Senator Proxmire and that he 25X1 intends to contact George Lowe, Deputy Director of NASA about the danger of proceeding with the flight while the present Soviet spacecraft is in orbit. Mr. Duckett merely wanted to alert me to these facts.

19. [] Emerson Brown, INR, State called in connection with a request they had received from the Senate Foreign Relations Subcommittee on Multinational Corporations, for information on political payments in Korea by Gulf Oil Corporation. Brown said that the responsible State official wanted to know what information the Agency possessed and said he had been told by Agency officials that they would not respond without a written request from State. In response to my question, Brown said the Senate Foreign Relations Subcommittee on Multinational Corporations' request was limited to State information and on that basis, I recommended that State's response be limited to that request, explaining that we had met with the Subcommittee staff on this subject; that as a matter of policy, we prefer to deal directly with the requester and the Subcommittee is aware that U. S. corporations are outside of our general charter and any substantial information we have incidentally collected is referred to the appropriate departments or agencies. Brown agreed with our approach and felt that the State official 25X1 was being too assertive. []

5. [] Confirmed with Emerson Brown, State Department, that he now had sufficient information to handle the request received by Assistant Secretary Philip Habib (Bureau of East Asian and Pacific Affairs) State Department from Representative Bill Chappell (D., Fla.) concerning the Agency publication dealing with Communist trade activities in less developed countries.

6. [] In response to his earlier query, spoke with Martin Thibault, Staff Assistant to Representative James Hanley (D., N.Y.) and informed him of my conversation with Mr. Hanley on 1 May on a sensitive Agency project and that we are in the process of making arrangements to brief Arthur Sampson of GSA on this matter. I told him that Mr. Hanley had indicated that there was no need for GSA to reply to his letter and Thibault said he would remind Mr. Hanley of this conversation and be back in touch with us if anything further is needed.

7. [] Ted Lunger, House Armed Services Committee staff, called concerning arrangements for our assistance in connection with the travel of a congressional delegation from the House Armed Services Committee to Somalia.

8. [] Met with John Ford, House Armed Services Committee staff, and arrangements were made to brief he and Ted Lunger and possibly Representative Robert Leggett, who may be added to the congressional delegation traveling to Somalia, for 0930 hours tomorrow. I also reviewed with Ford certain sensitive information bearing on their trip.

9. [] Bill Hogan, House Armed Services Committee staff, called to report the outcome of his review of Committee records on the delivery of the statement of Director of Central Intelligence Hillenkoetter before the House Armed Services Committee on 8 April 1948 on H.R. 5871, the Central Intelligence Agency Act of 1949. Hogan reported that Chairman Shaffer of Subcommittee Number Three had started to report on the provisions of H.R. 5871 on 15 May but that the minutes indicate that he did not get very far. On 4 May, Hillenkoetter appeared in executive session before the full Committee and it is clear from the minutes of that session that there had been previous Subcommittee hearings and presumably this did happen on 8 April 1948 but the full Committee minutes are not clear on this point. Hogan said there are no transcripts available; all sessions were executive and the only records are the minutes from which he garnered the only relevant information as reported above.

10. [redacted] Jane Mathias, in the office of Senator Wendell Ford, called and asked if Mr. Colby testified last year [redacted] I said he did and that Senator Stuart Symington had placed the testimony in the Congressional Record. I told her I would call her back with the date and page numbers.

11. [redacted] Talked with Jack Boos, House Select Committee staff, and advised him I had talked with Chairman Lucien Nedzi last night concerning Boos' request for a low-key briefing on the organization of the Agency. I told Boos we would give them a "Brookings type" briefing and we scheduled a meeting on the Hill for 3:00 p.m. on Monday, 7 July.

12. [redacted] Marian Czarnecki, House International Relations Committee staff, called to alert us to the fact that the Committee may possibly call the Director on a moment's notice to come up on Tuesday, 8 July. [redacted] Czarnecki said this was very tentative but they are thinking of having Dr. Kissinger up in the morning and might want the Director in the afternoon. He will be back in touch with us. [redacted] has been alerted.

13. [redacted] Jack Blake, DDA, called to alert me to the fact that State Department apparently is responding to an inquiry from Representative Jack Brooks about the destruction or abandonment of money in Saigon prior to the U.S. withdrawal. According to Blake's information, State's original intention was to take the total figure of funds destroyed or abandoned and prorate that figure among the various U.S. departments and agencies. Our Finance people objected to this especially since no Agency money was lost. Blake thought we might want to make our position clear to Brooks.

I called Sam Goldberg, Deputy Assistant Secretary of State for Congressional Relations, and asked him about this inquiry and State's proposed reply. Goldberg said he had heard about the incoming inquiry and said the reply would come through his office. I told him I would be interested in knowing how State proposes to answer this question and indicated to Goldberg that no Agency funds were either destroyed or abandoned. Goldberg promised to call me back on this.

14. [redacted] Called Bill Hogan, House Armed Services Committee staff, to alert him to reports we have received from sensitive sources concerning activities going on in Somalia in anticipation of the U.S. congressional visitors. I told him that [redacted] would be talking with John Ford and Richard Lunker, of the Committee staff, today and would give them the details on this. Hogan appreciated my calling him and said as long as Ford and Lunker get [redacted] that is all that is necessary.

25X1 11. [REDACTED] Emerson Brown, ~~State Department~~
called to report that Representative Bill Chappell (D., Fla.) had asked
Assistant Secretary Philip Habib (Bureau of East Asian and Pacific
Affairs) State Department during the session of the Subcommittee on
Foreign Operations, House Appropriations Committee, to check to
determine why he had been cut off from distribution of an Agency publication
dealing with Communist trade activities with less developed countries.
25X1 After checking with [REDACTED] OCI, I learned that this series, classified
secret, is turned into an unclassified report once a year and since we have
no record of having provided it to Mr. Chappell, it probably was forwarded
25X1 by State. [REDACTED] will close this out with Mr. Brown.

I discussed with Brown the pending Intelligence Sources and Methods
legislation and it was his opinion that the USIB session had not served the
purpose we originally had hoped to attain. Interestingly, as a result of
our education on this issue, State is now thinking of separate legislation
to take care of their problem which would not be covered by the Director's
proposal. I said that I did not think there would be any problem in drafting
a specific, narrow statute and they might be able to use terms such as
information provided by foreign governments in confidence or obtained in
confidence as at least part of the definition of the information to be protected
from unauthorized disclosure.

25X1 12. [REDACTED] Spoke with Representative Paul Sarbanes
(D., Md.) and closed out a follow up item from the Director's session on
Wednesday, 25 June. He was very appreciative of our follow up.

25X1 13. [REDACTED] In response to a call from Charles
Snodgrass, House Appropriations Committee staff, I told him where he
could get a copy of the Murphy Commission Report and if that did not
work, I would find him a copy. I also promised to supply him a transcript
of Mr. Colby's "Meet the Press" appearance last Sunday.

25X1 14. [REDACTED] Called Bill Hogan, House Armed
Services Committee staff, and asked if he would be kind enough to review
Committee records to determine if Director of Central Intelligence Hillenkoetter
had indeed testified on 8 April 1948 on H.R. 5871, the Central Intelligence
Agency Act of 1949. He said he would do this.
