2. (Internal Use Only - PLC) HEARING Called Mike Duval, White House staff, and inquired whether an Administration position had been developed for a 31 December 1976 deadline for the destruction of improperly collected information by CIA and other agencies. He said there was no such position and that it would be best to leave the date open and resolve a specific date with the leadership of the Congress. He suggested this as the Agency position for the hearing before Chairwoman Bella Abzug's (D., N. Y.) Subcommittee on Government Information and Individual Rights, House Government Operations Committee. I had earlier called Bob Carlstrom, OMB, and he was unaware of an Administration position on the 31 December deadline.

3. (Secret - PLC) LIAISON Called [REDACTED] NSA, in response to his earlier call to [REDACTED]. He asked if the Agency had sent a written response to Chairwoman Bella Abzug (D., N. Y.), House Government Operations Subcommittee on Government Information and Individual Rights, in reply to her letter requesting that the Agency appear at a hearing on H. R. 169 and H. R. 12039, to amend the Privacy Act. I informed him that our response was in coordination with OMB and gave him the thrust of our position. He indicated that Lt. General Lew Allen, Director of NSA, will probably be requested to testify on NSA's activities in intercepting international communications. Later in the day, Foster called and asked that he be called when the Agency receives from Archives a CIA document involving a sensitive project for review for declassification. He could not identify the document further. I called [REDACTED], IPS, and gave him [REDACTED] number to call when the document is received.
