MEMORANDUM FOR: DD/P - CI Staff

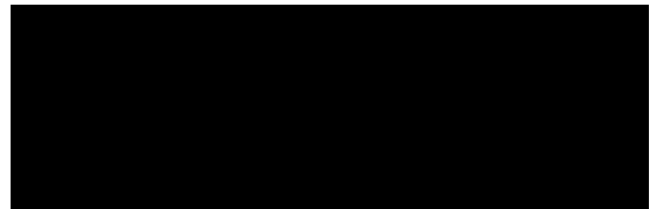

FROM : Chief, Soviet Foreign Policy Branch, General
Division, OCI

SUBJECT : Directories of International Communist-front
Organizations and Communist Societies of
Friendship and Cultural Relations.

1. I wish to express this Branch's thanks for the subject directories. They reflect painstaking preparation and, for our needs, are comprehensive and well-organized. They are certain to be of value in our work.

2. I should like to make one suggestion for a small future improvement. Without any index of page numbers for the various sections, finding the location of any particular section poses a minor difficulty. If the initials of each organization could be repeated in the upper right hand corner of those pages pertinent to the organization, I believe that the utility of the directories would be further enhanced.
