Participation in World Youth Festivals:
A Comparative Tabulation of Data on the
1955 Warsaw and 1957 Moscow Festivals

1. This Tabulation has been prepared in compact reference form, from information obtained through October 1957, to provide data helpful in:

- (a) evaluating the relative success or failure of past and future World Youth Festivals, not only internationally but also regionally and nationally; and
- (b) counteracting gains of international Communist fronts in certain countries and organizations.

2. The Tabulation may be found operationally useful for:

- (a) determining any changes in the areas, countries or organizations that appear to be the primary targets of Communist front activity;
- (b) assessing whether [REDACTED] instigated 25X1A2g counteractivity in certain countries and organizations has been successful.
