## INTERDEPARTMENTAL COUNTRY TEAM SEMINAR AT FSI

The fifth running of the Interdepartmental Country Team Seminar will begin 11 March and continue for five weeks. The schedule for the seminars during the remainder of 1963 is at the end of this notice.

The course is known as the Interdepartmental Country Team Seminar (Problems of Development and Internal Security). It is designed for key senior government officials (CIA, State, USIA, AID, and DOD are currently participating) concerned with the critical countries designated by the Special Group (C-I) and with other areas where there is incipient or active insurgency. Subjects studied include the environments of developing countries, U.S. Government resources and activities in countering insurgency from the policy through the operational levels, and case studies of subversive insurgency.

The Agency is committed to support this full-time course and Training Officers are urged to obtain nominations from their Divisions and Staffs. Candidates must be GS-13 or above. A Form 136 (request for external training) should be sent for each nominee through the DDP/TRO, room 3-C-29, to the OTR Registrar, room GC-03, who will make arrangements for enrollment at FSI.

### 1963 Schedule

Course 5	11 March-12 April
Course 6	22 April -24 May
Course 7	15 July -16 August
Course 8	3 Sept - 4 October
Course 9	12 Nov -13 December
