25X1

We shall attempt to supply you with Kodalith Pan Stripping Film on a thinner, gray base without antihalation backing, 35-mm wide, and perforated, as discussed in your letter of November 30, 1953 and our recent telephone conversations. The quantity which we shall be able to manufacture at this time will be approximately twenty-five 100-foot rolls. The material can be identified at this time as "Kodak Special Spectroscopic Film" similar to SO 991 (Check with Tarkington).

I am enclosing information regarding Kodak Nuclear Track materials as you requested. We hope this information is satisfactory for your purposes. If we can help you further, please let us know.

25X1

I trust that I shall be able to see you in the near future, but in the meantime, best holiday wishes to you and your family.

Sincerely yours,

EASTMAN KODAK COMPANY
