10 JUN 1960

Director of Logistics

Director of Communications

Contract (RD) XG-1323, Initiation of
Task Order 15

1. The Office of Communications has a requirement for a group of sub-miniature broadband pre-amplifiers. This equipment will be utilized to increase the sensitivity of existing Agency equipment. The frequency ranges of the transistorized pre-amplifiers will be compatible with that of the CR-2, CR-12, and CR-32 Collection Receivers.

2. A CFF type proposal was solicited from
 Because this company has undertaken development of equipment very much similar to our required specifications, they were considered to be the most capable of satisfactory performance and delivery. The attached proposal and cost estimate was reviewed by my Engineering Staff. They have found the proposal to outline a reasonable and acceptable technical approach to the entire problem.

3. It is requested that Task Order 15 of Contract (RD) XG-1323 be initiated in accordance with the attached proposal. Also attached is Requisition No. MSB 60-641 indicating that the Allotment to be charged for this work is 0179-0060-0000. Funds in the amount of \$51,754.00 have been encumbered for this purpose. The association of the Agency with the contract and equipment is classified SECRET; however, the equipment itself and the engineering reports are UNCLASSIFIED. The cognizant project engineer is

Placed in
Engineering Staff
