Att:

Subject: #25MW Arr. 4 with Gas Engine Drive

Gentlemen:

Per your verbal request, we are pleased to quote you on the following:

- 1 - #25MW Industrial Exhauster, Arr. 4, with wheel mounted directly on shaft extension of a Wisconsin engine, 12-1/2 HP, 2900 RPM, Type AGN. This fan will deliver 2400 CFM at 12" SP and require 7.5 BHP.

Price of fan and engine, all mounted as a package, is - - - - - \$425.00.

This engine includes the integral gas tank, Stellite valve seats, positive rotation valve mechanism and crank starter. Engine would be the same as that being furnished for the dual drive fan. This price is based on the assumption that the standard Wisconsin engine is capable of carrying the wheel weight. Our factory is presently checking with the engine people to verify this.

Above price is f.o.b. factory, with railroad freight allowed to freight station nearest destination.

Terms of Sale and Guarantee are on the reverse side of this page.

Again we thank you for your interest in our products.

Yours very truly,

25X1
