Dear Mr. Mackey:

There has been received your letter, dated 6 October 1949, concerning procedures to be followed by the Central Intelligence Agency and your Service in connection with the entry of aliens into the United States under Section 8 of the Central Intelligence Agency Act of 1949. We feel that the procedures outlined in your letter accurately reflect our understanding of the matter.

In all cases we propose to keep your Service fully advised of the developments in the case, together with all information required by you. Since entry under such circumstances will not normally be a routine matter, we hope to work very closely with your Service in handling each specific case within the framework of the procedures set forth in your letter.

At this time I again take the opportunity to express my personal appreciation of the splendid cooperation rendered by you and members of Immigration and Naturalization Service.

Sincerely yours,

Signed

R. H. Hillenkoetter
Rear Admiral, USN
Director of Central Intelligence
