DATE: June 22 1954

TO : Chief, NEA

FROM : Chief of Station, [REDACTED]

25X1

SUBJECT: General - Administrative
Specific - Rental of Warehouse Space

1. [REDACTED]

25X1

2. The space covered by this lease has been examined [REDACTED] and it has been determined that it will meet the demands of the mission adequately to cover its problems of proper stock control in a most secure manner. Without such a warehouse area it will be impossible for the station property officer to properly and securely administer the government-owned furniture and fixtures which are accruing to the station with each new arrival. We must have a place to which they can be moved and stored when these individuals finish their tours and are replaced by other individuals who will utilize this same furniture. It will also permit us to eliminate what we consider a serious threat to our local security by giving us a secure distribution point [REDACTED]

25X1

5. Space such as this is difficult to locate anywhere, and we all consider we have been very fortunate to acquire it here at this opportune moment. We will take over the warehouse on 1 July 1954.
