MEMORANDUM FOR: Deputy Director for Management and Services  
SUBJECT : Weekly Report

1. Domestic Secure Voice: A KY-3 green phone secure voice installation was completed at [REDACTED] on 30 October 1973. Test calls were made from both green and gray extensions in the Headquarters Building to [REDACTED] with excellent results. 25X1A 25X1A

2. October Telecommunications Traffic Volumes: The Middle East crisis caused a sharp increase both in traffic volumes and the use of high precedence. For the period 1 through 30 October MAX III (Headquarters Signal Center) processed a total of 900,000 transmissions of which 20,000 were FLASH precedence and 250,000 were IMMEDIATE. An average month's activity is approximately 700,000 transmissions of which 600 are FLASH and 150,000 are IMMEDIATE.

25X1A 6. [REDACTED] Testing: The Delta Data 5200 Video Terminal, 25X1A  
the standard on-line terminal used by OJCS, is undergoing [REDACTED]  
25X1A evaluation. Several problems have been found, but it appears  
at this time that it will be possible to modify the 5200 at  
reasonable cost to meet [REDACTED]

25X1A 7. Assistant Secretary of Defense/Telecommunications  
Letter: The Acting Assistant Secretary of Defense/Telecommu-  
nications has advised OC that a letter is being sent to DDM&S 25X1A  
in which DoD will make a commitment to [REDACTED] to provide [REDACTED] 25X1A  
satellite power/bandwidth. The request to increase the [REDACTED]  
power budget from four percent to ten percent of satellite  
capability is still being considered and, therefore, will not  
be addressed in the letter.
