MEMORANDUM FOR THE RECORD

SUBJECT : Installation of Oil Central Heating Plant for Monitoring House, [Redacted]

25X1A6a
25X1A6a

REFERENCE: [Redacted] (IN)

1. According to [Redacted] SE Case Officer, the subject house is an organizational dwelling occupied by two of our people situated at a strategic location with the purpose of monitoring a target building. Therefore, although ostensibly only an ordinary dwelling, because of subject house's location, ~~there are~~ operational aspects present which the undersigned feels warrants approval of this installation even though it, apparently, is an unreasonable expenditure.

2. The termination date of the lease is 15 June 1955.
