REFERENCE: [REDACTED]

1. The Comptroller General has issued a confidential ruling which, under currently effective Standardized Travel Regulations, permits the reimbursement of travel by indirect routing for convenience of the employee on the basis of cost of direct route first class fare or actual cost incurred, whichever is less, regardless of the class of travel actually used.

2. Regulations are in process of revision to provide for application of this policy. In the meantime, vouchers may be audited and paid in accordance with the above quoted ruling.
