MEMORANDUM FOR: Director of Basic and Geographic Intelligence

SUBJECT : Staff Study Review of the 1970
Reorganization of Cartography Division

Attached is the staff study that you requested on the above subject. It represents many hours spent in observing daily operations and conducting interviews in the Cartography Division. The five major recommendations are presented briefly on page 3 and discussed in detail in subsections of this study. In my opinion they are reasonable and workable. There were areas of personality conflicts but I did not include them in this staff study.
