STATINTL

Dear Mr. [REDACTED]

Congratulations on your selection to attend the Industrial College of the Armed Forces.

We have been working hard here to make your next year's course the best one that has ever been given by, as we now refer to it, "The New Industrial College." Our goal is to enhance your already outstanding background to the extent that everyone will be requesting you for an assignment, not only because of the success you have already achieved, but because you are a graduate of the Industrial College. I assure you that you will find your tour with the Industrial College one of the most interesting and stimulating and probably the best over-all year of your career.

I look forward to meeting you and wish you every success in the year to come. You will be hearing from us about a number of matters concerning your opportunities here.

Sincerely yours,

  
AUGUST SCHOMBURG  
Lieutenant General, USA  
Commandant
