Mr. Emmett D. Echols
Director of Personnel
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Echols:

As the Central Intelligence Agency may be considering nominating one or more of its mid-career officers to the 1968-69 Career Education Awards Program of the National Institute of Public Affairs, I thought you might want to have information about the program that will be conducted at Cornell. Accordingly, I am sending you under separate cover 10 copies of the enclosed for such distribution as you wish to make.

STATINTL

[REDACTED] is one of the Cornell NIPA Fellows this year and is giving a good account of himself. The enclosed mimeographed summary of fall term courses will give you an idea of his program. If you have any questions about his course of study or about the program as a whole, I hope you will let me know.

Cordially,
