PSTRAZE MILITARY BARRACKS, POLAND

This report is a partial answer to DIA requirement DIA-AP1-63-88, to verify or pinpoint the location of Soviet military garrisons in Poland and to perform a photo analysis to determine boundaries of the installations, to determine function, number and dimensions of buildings, to estimate troop capacity, and to identify and describe related training areas and facilities and ammunition or POL storage.

Troop capacity: 20,570*

PIR 32-59 designated this area Strans Military Barracks containing:

- 66 barracks with a total of 1,028,500 square feet of floor space
- 7 administration buildings with a total of 84,100 square feet of floor space
- 12 storage buildings with a total of 141,800 square feet of floor space
- 18 vehicle maintenance buildings with a total of 175,500 square feet of floor space, and
- 5 buildings of undetermined function and undetermined floor space.

The only change revealed by the latest available photographic coverage is that the athletic field mentioned in the report no longer exists. The training area appears active. No ammunition or POL storage observed.

*Troop capacity is computed on a basis of 50 square feet of space per man.
