MILITARY INSTALLATIONS, SZOLNOK, HUNGARY

This report is a partial answer to DIA requirement DIAXX 63-84, to verify the location of selected military installations in Hungary, and to perform a photo analysis of these installations to determine function, number and dimensions of buildings, to estimate troop capacity, to identify and describe related training areas and facilities, and to confirm or negate ammunition and POL storage. This report covers six selected installations in the Szolnok area.

Photography of [REDACTED] was used to determine dimensions and functions of buildings. KEYHOLE photography of [REDACTED] was used to confirm this information, to determine the dimensions and functions of buildings erected since [REDACTED] and to determine the outline of the training area located northeast of Szolnok Army Barracks East No 22.

The five barracks areas described in this report (and keyed to Figure 1) contain 824,950 square feet of floor space, giving a total estimated troop capacity of 16,499.*
