

TELEPHONE OR VERBAL CONVERSATION RECORD

Subject of Conversation **STATOTHR** Date *24 Sept 64*
Platter

Person Calling **[REDACTED]** Office or Company **STATOTHR** Telephone Number **[REDACTED]**

Information or Action Sought

1. What effect will moving electronic rack to rear wall have on installation?
2. Type connector & pin location on rack so that Lewis can order proper male connector for the 75' signal cable.

Information Given or Action Taken

1. Only effect will be that a false floor or over boards on the air ducting to & from motors may be required. Present cables from electronics to the platter are sufficiently long to reach.
2. Will get info on connector & call back.

DECLASSIFICATION REVIEW BY NIMA / DoD
