PID/OSS - 16/65
5 April 1965

MEMORANDUM FOR: Assistant for Plans & Development

ATTENTION : [redacted]

FROM : Chief, Photographic Intelligence Division, CIA

SUBJECT : Polaroid Backs for [redacted] Photomicrographic Enlarger

25X

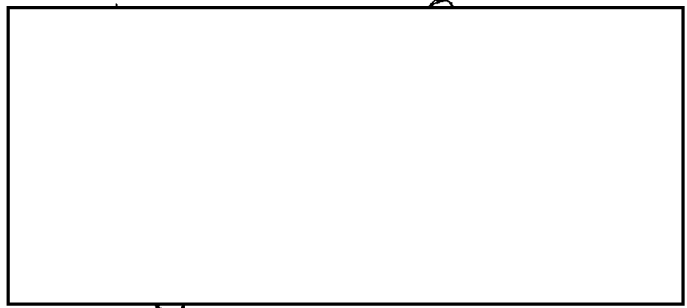

1. First we wish to express our thanks for your efforts in arranging with [redacted] for retro-fitting the Polaroid Backs on the Photomicrographic Enlarger to provide a "dark slide" capability. When the three units which we have in stock have all been modified in this respect we will be able to interchange the backs from one enlarger to the other without loss of film.

2. The next logical step in adding to the versatility and usefulness of the enlargers will be the procurement of additional Polaroid Backs with "dark slides". These extra backs will allow us to have various types of film immediately available, for example, print film and projection type film.

This is a Log. Por. function

3. It is requested that a price quotation be obtained from the [redacted] in quantities of from 1 to 6.

25X

Distribution:

- Orig. - Addressee
- 1 - OSS/Chrono
- 1 - OSS/Subject
