12 August 1965

MEMORANDUM FOR: Chief, Support Staff, NPIC

SUBJECT: Disposition of GFE for Contract

25X1

- REFERENCES:
- (a) P&DS Memo 257-65 dated 26 July 1965
 - (b) Letter dated 30 June 1965,
Subject: Task Order No. 3
 - (c) SS/L-242-65 dated 6 August 1965

25X1

1. In response to your memorandum, the GFE equipment purchased for this contract and other similar contracts generally must be procured without regard to its ultimate disposition. The equipment is required for the performance of the research and development contract; it has to be procured whether or not we have a use for it when the contract is terminated. Further, equipment is frequently cannibalized during the course of the contract, and its condition cannot be relied upon in advance.

2. In this case, we have looked over the list of equipment and believe that almost all of it can be utilized in-house when the study is completed. It would be applicable either in the Photo lab or in the Equipment Performance Section of the Plans and Development Staff.

MEMORANDUM FOR: Assistant for Plans and Development, NPIC

SUBJECT : Purchase of Government Furnished Equipment
for [] Contract

REFERENCE : a. P&DS Memo 257-65 dated 26 July 1965
b. [] Letter dated 30 June 1965, Subject: Task
Order No. 3

1. As you requested I have forwarded the referenced memorandum to the Office of Logistics for their action. I am told that [] was verbally granted approval by your Staff to purchase the equipment as requested in their letter of 30 June, in order to meet their deadline date for reply of 14 July.

2. In looking over the list of special test equipment which is being purchased by [], the question arises as to what might be its ultimate disposition upon termination of this contract. As you know, we are frequently forced with the problem of disposing of equipment purchased for development contracts and all too often it ends up in Building 202. I would appreciate your notifying me of the planned use for this item when the contract ends.

[]

Acting Chief, Support Staff
